JUDGE POINTS TO HARDING AS GOOD EXAMPLE TO BOYS

You Have Had Just As Much
Chance To Make Good,
He Tells Them.

ADVISES 2 SALEM BOYS SENTENCED

No Future In Wrong Doing
Two Other Sa'em Boys
Are Advised.

BULLETIN
Lisbon, Feb. 5.—Chalmers Votaw and Charles Rogers, both of Salem, were taken before Judge Eastman in common pleas court No. 2, Friday and were sentenced each to from 10 to 25 years in the Mansfield reformatory.

These sentences were the heaviest pronounced during the present term of criminal court.

Votaw and Rogers were convicted by a jury on an indictment of assault with intent to rob while Charles Rogers entered a plea of guilty to a similar charge, that of holding up Joshua Hoopes, near Winona, last November.

Lisbon, Feb. 5.—The "population" at the county jail will be reduced materially within the next ten days, according to Sheriff George Wright. The majority of the criminal cases resulting from indictments by the January grand jury have been disposed of and sentence passed upon those who have entered pleas of guilty, or who have been convicted by jury.

The first of those indicted to leave the jail were W. C. Beverly and Eugene Postle of Cleveland, sentenced to from three years in the Ohio penitentiary on their plea of guilty to obtaining money under false pretense.

Four more will leave the county jail within the next few days for Mansfield, these being Paul and Raymond McCreary and Russell Kelley and Fred Taylor, all of Salem. The former will serve a sentence of from one to 15 years and the latter two a sentence of from one to seven years.

Will Be Sentenced
Shelby Carlisle of Lisbon, Harold Thompson, who pleaded guilty, Charles Rogers and Chalmers Votaw of Salem, found guilty of assault with intent to rob, are expected to be sentenced next week by Judge E. R. Eastman in common pleas No. 2.

Joan Fagan, indicted for arson, has been delivered at the penitentiary as has Henry Thomas, colored, of Wellsville, who pleaded guilty to assault with intent to kill.

Vincent McFadden, Herbert Whitehead and Joseph Getz, of Columbiana, indicted for robbery on the person of H. W. Jennings, are to be tried, as is Charles Prezzia of Wellsville, indicted for manufacturing distilled liquor.

Advices Boys To Be Good
"You have had just as much chance, you have had just as many opportunities to make a success of your young life as that man," said Judge Eastman to Russell Kelly and Fred Taylor both of Salem, as the arm of the court pointed to the large picture of former President Warren G. Harding, which is suspended from the north wall of court room No. 2.

"He had an humble beginning and so have you, but he gained the highest honor a man could in the United States. While you may not gain the position he did, yet you have that opportunity."

GOODYEAR SHOWS 9 MILLION GAIN IN ITS PROFITS

Akron, Feb. 5.—A gain of nearly \$9,000,000 in net profits over the 1924 period was registered by the Goodyear Tire & Rubber Co. during 1925, according to the company's annual financial statement released today.

The total of the 1925 net profits was \$21,005,898 as compared to the 1924 figure of \$12,161,540. The company this year set aside \$7,500,000 as a special raw material reserve, leaving \$13,505,898 available for dividends.

FORD WOULD MERGE THREE OHIO STEEL PLANTS, IS REPORT

Report of Efforts To Buy
Large Companies Is
Not Confirmed.

Cleveland, Feb. 5.—Efforts in Cleveland Steel circles to confirm a published report that Henry Ford, Detroit automobile manufacturer, was planning to purchase and merge three Ohio steel concerns—the American Rolling Mills company with plants at Middletown and Zanesville, the Youngstown Sheet & Tube company of Youngstown, and the Trumbull Steel company of Warren—failed today.

Directors of the Trumbull Steel company, recently reorganized following the resignation of its president, Jonathan M. Warner, doubted the truth of the report and particularly the inclusion of the Youngstown Sheet and Tube in any such possible purchase or merger. It was pointed out that James A. Campbell, the president and directing head of that company, was one of the leading independents in the United States.

Plans for the merger of Trumbull Steel with Otis steel, of Cleveland, fell through a few months ago, when the published statement of Trumbull disclosed the need of refinancing. According to a report from New York, Ford planned the purchase of these concerns with a view to a greater control of the sources of steel used in his plants. The idea was pointed out, was entirely inadequate to supply the three concerns. If consummated, would give Ford a position in the steel business comparable to that of Charles M. Schwab.

MASONS SPONSOR THREE-ACT PLAY

Public Invited To Comedy
Drama Next Tuesday
And Wednesday.

A three-act comedy drama, "Are You a Mason?" will be given at the High school auditorium next Tuesday and Wednesday evenings by the Salem Masonic club.

Special features will entertain between acts. William T. Martin, a banjo soloist, will present several numbers, and William McKay, a Scotch impersonator, will be on the program.

The Masons report a good ticket sale, and these tickets can be reserved at Reich and Ruggies tomorrow, Monday and Tuesday. Tickets are being sold by Masons and Reich and Ruggies. This show is not only for Masons; the public is invited to attend.

Zeekoe, Zoo's Husky Hippopotamus Will Have His Hot Bath

Cincinnati, Feb. 5.—A corps of workmen was busy at the zoo today installing a hot water system in the apartment of Zeekoe, a husky hippopotamus.

Zeekoe likes his bath hot. This was discovered by Sol A. Stephan, zoo manager, when Zeekoe scrambled out of his tank during a recent cold spell, when the water was a bit chilly. He wouldn't go near the water again and suffered from a cold for several days, all of which caused Stephan much worry for Zeekoe is a valuable beast.

Beer Appeal Is Repudiated By Episcopal League Official

New York, Feb. 5.—Unequivocally repudiating the assertions of Rev. Dr. James Empringham on the subject of the modification of the Volstead act, Rev. Charles K. Gilbert, secretary of the social service commission of the diocese of New York, today issued a statement saying that Dr. Empringham has no right whatever to speak for the Episcopal church on any subject.

The social service commission is the Episcopal church in the Episcopal church in the diocese of New York.

Concurrent with the diocesan official's statement, similar repudiations of the action taken by the

EAST DIGGING OUT AFTER SNOWSTORM CAUSES 23 DEATHS

Worst Blizzard For Years
Blows Out To Sea, Leaving
Destruction.

5 TRAINS STUCK IN SNOW DRIFTS

Ships Are Adrift In Gale
As New England Traffic
Is Paralyzed.

At least 23 deaths were traceable today, directly or indirectly, to the blizzard which yesterday swept the Atlantic seaboard from Georgia to Maine.

Ten to twelve lost their lives in or near New York City, five in the city, and at least five more in small crafts along the New York and New Jersey shore.

Eight were killed in a building collapse in New Britain, Conn., due to the heavy fall of snow on the structure.

Five deaths were recorded in New England.

The property damage was well above \$2,000,000.

New York, Feb. 5.—Leaving a death toll of from ten to twelve persons in its wake, the worst blizzard experienced here in six years blew out to sea today while the city began to clear its way out of windswept snow drifts encouraged by a forecast of fair weather.

Mobilization of the 25,000 snow shovellers is costing the city \$2,000,000, it is estimated.

There were five deaths in the city and at least as many reported on small crafts caught in the turmoil of the storm at sea.

In addition there were hundreds of minor accidents resulting directly and indirectly from the 24-hour snow tempest.

The schedule of railways, local transit, ferries and shipping still showed the effect of the storm today. Many liners at Quarantine were delayed in docking.

Ships Adrift In Gale

Boston, Feb. 5.—Two lightships adrift in the gale, five men dead and several injured battling the snow, transportation systems in and out of Boston paralyzed, hotels, lodging houses and police stations swamped by a stormbound host, and eight seamen of the schooner Kenwood rescued off Cedar Point—these were the high lights today in the wake of one of the worst blizzards in the history of New England.

One lightship Relief No. 90, on the Pollock Rip station, was reported on the beach at Monomoy and the Nanucket Shoals lightship No. 106, was headed towards New Bedford.

Five New Haven railroad trains were "lost" in the snow drifts near Scituate during the night. Scores of women and girl commuters on the trains were provided with hot coffee and sandwiches by a relief party.

Light house tenders were hurrying to the rescue of the Pollock Rip light ship but the revenue cutter Redwin was obliged to put in to Provincetown while enroute from Boston to aid the stricken lightship.

Officially 12.8 inches of snow fell. Skies were fair today and New England was digging out.

Wants Divorce From Wife Serving "Life"

Springfield, Feb. 5.—Carey Strome, husband of Mrs. Birdie Strome, 49 of New Carlisle, serving a life term in the Marysville reformatory for women, has brought a suit for divorce from his wife charging she was confined in a penal institution.

Mrs. Strome began her life sentence at Marysville early this week, following her conviction of poisoning her stepdaughter, Estia, Strome, 14, on October 3, 1925.

Petticoat Thief

Barberton, Feb. 5.—Barberton's petticoat thief has resumed operations. Last night he stole \$300 worth of silk negligee and other apparel from the home of Ray Morton, former city solicitor.

Church Temperance society were made by B. E. Nicholson secretary of the Anti-Saloon League of America since 1898 and Orville S. Poland, head of the legal department of the Anti-Saloon League of New York.

Stating that Dr. Empringham's views are not representative of the opinion of the Churchmen's Association, Rev. Mr. Gilbert characterized them as "irresponsible declarations with regard to the Episcopal church and prohibition."

A FAIR TRADE

Paris, having lost its beloved Edmonde Guy to Palm Beach, is making a favorite of Dora Doby, American dancer who is starring at the Casino de Paris. New photo of Miss Doby.

ELKS VIEW PLANS OF PROPOSED HOME

Architect Shows Plan For
\$150,000 Home; Financing
Plans Undecided

Plans for the proposed new home of Salem lodge of Elks were presented to members of the organization at the lodge meeting Thursday night at the Elks home.

C. F. Owsley, of Youngstown, who has been engaged as architect, explained in detail the plans for the new home which will cost about \$150,000 and will be located on McKinley ave.

The building committee has been working on plans for the proposed home for a considerable period, and expects to keep on with the program of work which will be necessary before the project can be launched.

Just when the new home can be built is a matter which the lodge must decide in the near future, it was stated. Over a year ago the proposed home was first suggested, but the method of financing its erection has not been determined entirely and this is the only thing holding back the building program.

Nonpayment of officers for the next fiscal year are being made at meetings this month, as the annual election comes up the first meeting in March.

CITY MAY APPEAL ROGERS DECISION

City Solicitor Cecil Scott of Salem, acting upon the suggestion of Mayor George Russell, is investigating the probable causes that might be advanced to carry the John Rogers case recently heard by Mayor Russell and reversed by Judge James G. Moore to the court of appeals.

As the same record that was filed with the lower court would have to be viewed by the higher court, Mr. Scott has not determined whether it would be worth while to appeal from the decision of the lower court.

Judge Moore reversed Mayor Russell in this case because of the admission in the record of "hearsay evidence" introduced at the time of the trial of Rogers.

40 Families Routed As Building Burns

New York, Feb. 5.—Forty families in nearby tenements were routed to the street in the freezing cold of early morning when fire destroyed a six-story loft building at 29th and Tenth aves. Damage was estimated at \$350,000.

JUST PUT ON SALE IN THE MILLINERY SECTION, MANY NEW HATS IN FAIRLY SILK IN COMBINATION WITH STRAW BRAID OR FLOWER TRIMMED. PRICED AT \$5.00. SMALL OR LARGE HEAD SIZES. SPRING-HOLZWARTH CO. 30h

They're Waiting For St. Valentine

Mansfield, Feb. 5.—With St. Valentine's day dedicated to lovers from time immemorial—in the office, clerks in the probate court here are wondering today what's the matter with Richard swains.

Thus far in February only one marriage license has been issued, although a genuine voice inquired the cost of a license by phone, but the couple hasn't shown up to get it.

THOMPSON SILENT ON ADLER CHARGES

Chief Refuses To Comment
On Ill Feelings In
His Department.

Councilman Max Adler charges at Thursday night's council meeting that "jealousies and ill feeling" exist in the Salem police department, will go unanswered.

Chief of Police T. W. Thompson was asked Friday if he cared to make a statement in regard to Adler's remarks.

"No, sir," answered the chief.

Mayor George E. Russell said yesterday that as far as he knew "there is nothing for publication."

MT. UNION GLEE CLUB Will Be Heard Here

The Men's Glee club of Mt. Union college will give an entertainment at the M. E. church Thursday evening, Feb. 25, under the auspices of the Woman's Foreign Missionary society of this church.

Plans for this entertainment were made at a meeting of the society Thursday afternoon at the home of Mrs. L. W. Atkinson, Highland ave, which was marked by a large attendance.

Mrs. Powell, of Steubenville, wife of the district superintendent, was a guest at the meeting and gave a talk. Three new members were added and a lunch was served by the committee.

Boy Dies Of Burns

Youngstown, O., Feb. 5.—John Roder, aged four years, died today at Mineral Ridge of burns received when his clothes caught fire from an open grate.

THE BROTHERHOOD OF PER RY LODGE, NO. 125 F. & A. M. ARE REQUESTED TO MEET AT THE TEMPLE SATURDAY, FEB. 6TH, AT 1:15 P. M. FOR THE PURPOSE OF ATTENDING THE FUNERAL OF OUR LATE BROTHER CHAS. V. KILLE. FUNERAL FROM THE HOME OF E. I. KILLE, 365 CLEVELAND AVE AT 2 O'CLOCK, P. M. PLEASE BRING YOUR MACHINES. ATTEST: W. G. ALDOM, GEO. R. HARROFF, SECY. W. M.

AIR FORCES LACK DEFINITE MISSION MITCHELL CLAIM

Washington, Feb. 5.—Declaring that "our present conception of national defense is as obsolete as the Civil war," William Mitchell, resigned air officer, today told the house military affairs committee that America's air forces are totally without a definite mission, that it is impossible under present regulations to train airmen properly and that the entire defense arm is in a "terrible mess."

Mitchell urged concentration of all air personnel and equipment, and emphasized, above all, the need of legislation to define a definite mission for the service.

WOMAN FIRES FOUR SHOTS; CUSTOMERS SEE MAN WOUNDED

Strange Tableau Enacted
In Urbana; Man Tried
Blackmail, She Says

Urbana, O., Feb. 5.—A revolver marked four times today in a local fruit store.

Police rushed in today in a strange tableau.

Lawrence Loverde, proprietor of the store, lay writhing on the floor with four bullet wounds in his abdomen.

Over him stood a woman—half-dressed—a smoking gun still in her hand.

"Did I kill him?" she asked.

While an ambulance rushed the seriously wounded man to the hospital, officers arrested the woman and took her to jail. There she said her name is Mrs. Emma Good-bair, 34, of Lima, Ohio.

At the hospital a physician who examined Loverde who is 28 years old and unmarried, shook his head gravely and said the wounds may prove fatal.

In her cell in jail, Mrs. Goodbair, teary-eyed and without emotion told police why she shot the man.

"He tried to blackmail me," she said, "I stood it as long as I could."

"She told it of threats alleged to have been made by Loverde to kill her."

Mrs. Goodbair is the mother of an eight-year-old son who is with her husband, a factory worker, in Lima. She came to Urbana from Lima last night.

After spending the night in a hotel she walked into the fruit store owned by Loverde and his brother and without a word began shooting. The first shot killed Loverde.

In the store at the time of the shooting were two customers and Loverde's brother.

The Goodbair family resided in this city until a few months ago, police said.

Illinois Women Are Barred By Decision From Jury Service

Springfield, Ill., Feb. 5.—Women were definitely barred from jury service in Illinois today when the state supreme court denied a rehearing in the suit brought by Mrs. Hannah Fyfe against the jury commissioners of Cook county to have her name reinstated on the jury list, from which it had been scratched. The case was decided at the last term.

In rebuttal, the drays will call men and women from the same walks of life to tell how prohibition has succeeded in their communities, how the public health is improved and how crime has decreased.

In the end, the American people will get a complete picture of prohibition through the spectacles of the wet and dry movements.

Edge said he anticipated the hearings, with a thorough, open discussion of prohibition, might lead to a friendly agreement between wets and drays to remedy the present situation.

"I believe the moderates of both sides must some day get together and submit a plan to the people," Edge added. "It would be in the form of a national referendum."

SEEK ABDUCTORS OF WARREN GIRL

Warren, O., Feb. 5.—Aid of Pennsylvania's state constabulary had been enlisted today in the search for Miss Alice Runyon, pretty 20-year-old girl, and her two abductors.

Miss Runyon was seized and carried to an automobile late yesterday while walking on the streets with her brother, Daniel, who was shot in the leg when he attempted to prevent the abduction.

Police have descriptions of two men said to be Italians.

Amateur Wireless Club Formed Here

The Amateur Wireless club of Salem was organized at a meeting in the Pow block Thursday night.

Frank Stone was elected president; George Murphy vice president; and W. C. Bennett, secretary-treasurer.

The aims of the club are to promote amateur wireless and to further the aims of the national amateurs organization. Meetings will be held every Thursday night in the Pow block, and anyone interested may attend.

DEBATE IN PUBLIC HEARINGS TO OPEN LATE THIS MONTH

Senator Edge, Wet Leader,
Would Force Referen-
dum to People.

WILLIS SAYS DRYS WELCOME BATTLE

Witnesses Will Tell How
Prohibition Has Fail-
ed and Succeeded

Washington, Feb. 5.—After years of guerrilla warfare in the press, rostrum and pulpit, the wet and dry camps are now meeting American prohibition will be carried direct into the halls of congress within three weeks.

Th's development in the long prohibition war was assured today when Senator Walter E. Edge (R.) of New Jersey, wet leader, announced that the senate judiciary committee will begin public hearings upon his 2.75 per cent beer bill during the last week of February.

A hundred witnesses will be summoned to plead for modification of the Volstead act and a hundred more probably will appear to defend the dry law. The hearing may run six weeks.

Wants Referendum
Not hopeful of victory but encouraged by the recent action of the Protestant Episcopal Church Temperance Society in urging modification of the dry law the senatorial "wet" bloc will enter the hearings with the ultimate goal of forcing a national referendum upon prohibition.

At the beer hearings, the wets will lay the basis for subsequent battles while broadcasting to the world what they believe to be the failings of prohibition.

Dry leaders welcomed the announcement.

"Both sides of the prohibition question will be shown to the public," said Senator Willis (R.) of Ohio, a dry leader. "The drays will show by government records that prohibition can be enforced, that it has brought national prosperity to America and has wiped out the evils that existed under the old intolerant saloon-system."

"Personally, I would be glad to see the Edge bill reported to the senate because it would be defeated by a 5 to 1 vote and the effort to modify the Volstead act might then be abandoned for a while."

Complete Picture
In the list of witnesses to be summoned by the wets will be ministers, educators, legislators, government officials, law officers, social uplift and social welfare workers. Physicians will be called to tell of the spread of insanity, the danger to the public health of poisonous bootleg concoctions. Police officials will be summoned to tell of increased crime and greater drunkenness.

In rebuttal, the drays will call men and women from the same walks of life to tell how prohibition has succeeded in their communities, how the public health is improved and how crime has decreased.

In the end, the American people will get a complete picture of prohibition through the spectacles of the wet and dry movements.

Edge said he anticipated the hearings, with a thorough, open discussion of prohibition, might lead to a friendly agreement between wets and drays to remedy the present situation.

"I believe the moderates of both sides must some day get together and submit a plan to the people," Edge added. "It would be in the form of a national referendum."

JUSTICE BONSAI TO NAME TRUSTEE

James Ramsey's Successor
Will Be Appointed
Next Week

The appointment of a new township trustee, to fill the unexpired term of James R. Ramsey, who died recently, will be made next week by Justice of the Peace Charles Bonsall.

Justice Bonsall has 13 applicants for the position, and may have more before he makes the appointment.

The question as to which justice would do the appointing was settled Thursday when both Pros. Atty. R. M. Beckes and Atty. K. L. Cobourn, whose opinions were asked in the matter by township officials, rendered decisions in favor of Bonsall, as he has not only served the longest as justice in Perry township, but also is the oldest in age.

Township Clerk Clarkson French has received notice of these decisions, and will forward a formal request to Justice Bonsall to make the appointment.

Justice Bonsall said Friday he will meet with the other members of the board of trustees some day next week, and make his appointment then.

CRIME NEWS

American newspapers are using

per cent of their space in giving news

of crimes and criminal activities.

They are using four times that

amount of space in presenting news

pertaining to education, and six

times as much space is devoted to

business activities and stories.

These figures were presented to

the Ohio newspapermen in session in

Columbus by Prof. Bristow Adams of

Cornell university. On different oc-

casions Prof. Adams has gone over

newspapers with care for a 30-day

period, measuring the space given

in each classification of news, then

securing, the average. He has taken

the four best newspapers in New

York city and representative papers

from a score of other cities in that

state. The percentages he has given

show in both the large city daily and

in the papers from the smaller cities.

These figures should be a complete

answer to the charges one hears from

time to time that newspapers are

running more largely on crime news

than any other kind. The charge

never has been true and is not true

today as newspaper men well know.

The statistics given by Prof. Adams,

who has no connection with the news-

paper business ought to dispose of

the charges permanently.

Only recently an international re-

ligious organization in Chicago vol-

untured the announcement that

American newspapers were given

more space to church news than at

any previous time in the history of

the country. That adds to the force

of what Prof. Adams has said.

IDLE PRISONERS

Employment for men sentenced to

imprisonment for offenses against

the law is one of the problems yet to

be solved. Opposition to the use of

prison made goods in Columbus,

bringing laws to prohibit them, has

made it impossible to provide work

for the constantly growing prison

population of the country. The idle

houses are overcrowded both in the

penitentiaries and the workhouses,

and thinking men are seeking to find

a way by which the time of men in

corporated for a brief time may be

turned to profitable employment.

Among the suggestions offered is one

which deserves more than passing

notice that a system of colonization

be adopted whereby prisoners may

be placed at work in an industry

and kept under the supervision of

officials. While the suggestion seems

to get away from the prohibition

against prison made goods in com-

merce it does propose competition of

prison and free labor. The question

this raises might be met by adher-

ence to recognized wage scales but

it presents something akin to the

problem of opposition to prison made

goods. The problem is greater

however, than that of class. It is

of all society and something must

be done to stop the demoralizing

influence of the idle houses. Contract

labor by prisoners has not proven a

success competition in manufactured

articles is not permitted. If employ-

ment on public works cannot be pro-

vided solution may be in the coloni-

zation plan.

Taena-Africa dispute, Uncle Sam

found the tack.—Boston Herald.

Whenever Vesuvius settles

down for a month off, Mussolini

erupts again. Life in Italy is just

one convulsion after another.—

Cleveland Plain Dealer.

Example of Chivalry

Among Lower Animals?

An unusual "big brother" act among

animals is described by a park nat-

uralist who saw a large marmot or

woodchuck attack and drive off a mink

after the latter had captured and fat-

ally wounded a ground squirrel.

The scene of the little drama was

near the bridge over Lava creek, a

small stream in the northern part of

Yellowstone park. After describing

the "capture" of the luckless squirrel,

the naturalist goes on to say:

"While the squirrel was struggling

in the clutches of the mink a large

woodchuck, apparently attracted by

the squealing of the squirrel, came and

stood on his hind legs a moment to

review the scene, then ran straight for

the point of battle. The mink raised

his head just in time to see the mar-

mot and escape him by rushing to the

bank of the nearby creek; the marmot

followed, but too slowly.

"The railing of the creek bridge is

supported by low uprights with lean-

ing braces of timber. On one of these

braces the marmot climbed, facing the

squirrel left dying in the road some

yards away; then he calmly proceeded

to wash his face with his front paws.

Apparently the 'big brother' act is an

old story in the wild animal world, like

so many other things which we have

thought human, only to discover, upon

investigation, that we have merely

adopted them with human procrastina-

tion.

"In a former year I once saw a mink

deliberately attack a marmot of me-

dium size, in this case the contestan-

ts after a fierce battle, finally called it a

draw."

Word "Hell" Has Been

Given Many Meanings

The word hell has today several

meanings. 1. The abode of evil spir-

its; the infernal region, especially a

place of eternal punishment for lost

spirits. 2. Figuratively it is used to

indicate a place of extreme, evil or

misery. 3. A place of departed spirits,

called by the Greeks Hades, and by the

Hebrews Sheol. 4. A place of evil

or rejected things.

Smith's Dictionary of the Bible

states that "This is the word (hell)

generally and unfortunately used by

our translators to render the Hebrew

word Sheol. It would perhaps have

been better to retain the Hebrew word

Sheol, or else render it always by 'the

grave' or 'the pit' . . . It is clear

that in many passages of the Old

Testament sheol can only mean 'the

grave' and it is so rendered in the

Authorized Version in Genesis 37:35,

40:29; 1 Samuel 2:6; Job 11:13. In

other passages, however, it seems to

involve a notion of punishment, and

is, therefore, rendered in the Author-

ized Version by the word hell. The

word most frequently used in the New

Testament for the place of future pun-

ishment is Gehenna or Gehennai of

Fire."

Our word hell is a Teutonic word

from a root meaning to cover. In old

English the word was written hel.

Odd Court Cases in 1853

A page from a Massachusetts court

docket for the year 1853 reveals that

Henry Walton was fined for saying

that he would as leave hear a dog

bark as to hear Reverend Cobble

preach; that Robert Edwards was

fined for excess in apparel in wearing

sleeve lace and gold buttons; that

John Seely was fined for stealing his

master's keys and selling it to him and

that Sarah Collins was fined for rail-

ing at her husband.—Detroit News.

WAINRIGHT AIR BILL IS FAVORED

Measure Would Provide An
Air Corps As Part Of
War Department

Washington, Feb. 5.—The wainright bill, providing for the establish-
ment of an United States air corps,
is the only measure on which the
house military affairs committee may
act to effect reorganization of the
army air service, it appeared today.

Embodiment recommendations of
Maj. Gen. Milton M. Patrick, chief
of army aeronautics, which would es-
tablish an air corps as a component
part of the war department. The
corps would be in the same relation
to the war department as the marine
corps now is to the navy de-
partment.

With the administration officials
generally opposed to unification of air
defense, the Wainright bill, which
seeks clear of any such efforts as
the only one of the six bills now be-
fore the committee which could go
through the house successfully it was
believed.

The Wainright bill grew out of
testimony of Patrick before the com-
mittee last week. He advocated an
air corps under the absolute control
of an air chief, who would be in di-
rect touch with the secretary of war
through a second assistant secretary.
All air fields, equipment and person-
nel would be assigned over to the
corps from the war department.

Hangs Himself When Wife Seeks Divorce

Youngstown, Feb. 5.—Festering one
end of a clothes line to a door hinge
and the other around his neck, Jacob
Matachich today committed suicide at
his East Youngstown home. At the
time his wife was consulting an at-
torney about securing a divorce.

years Londoners have been treated to
this remarkable street parade.

6,937 AUTO TAGS ISSUED IN MONTH

Auto Fees In County Total
\$67,606; Salem Autoists
Got 1,765 Licenses

Records for January, as disclosed
by County Auditor Charles E. Ham-
ilton disclose that 6,937 automobile
licenses were issued during the
month in this county although some
district registrars have not filed com-
plete reports.

The collection of automobile fees
state has received \$67,606.80 of which
the state has received \$22,863.40; county
road fund \$9,419.69 and various cor-
porations within the county a total
of \$24,453.71.

The report of County Deputy Reg-
istrar Hamilton for the month of
January shows the following number
of licenses issued and the amounts
credited to the various corporations:

Licenses	Fees
East Liverpool	2,878 \$11,302.92
Salem	1,765 6,714.03
Wellsville	795 2,941.70
East Palestine	390 1,455.75
Lectonia	205 758.92
Rogers	33 121.75
Hanover	32 119.75
Columbiana	317 1,235.95
New Waterford	35 127.60
Elkhart	207 774.75
Salemville	207 774.75
Washingtonville	62 231.95

WOMAN FOUND IN STREET DIES AS NAME'S WITHHELD

Cleveland, Feb. 5.—A plain gold
wedding ring bearing an engraved in-
scription, "J. M. to C. M." was the only
clue police had today to the mystery
woman, who died this morning in a
hospital here, after she had been
picked up on the street by a passing
motorist.

When asked to reveal her identity,

she replied, "none of your business,"
and maintained that answer until
teeth sealed her lips.

Physicians were unable to de-
termine the cause of her death and
Coroner Hammond was to conduct a
post mortem in an effort to find out
what killed the woman.

The woman, whose brown hair was
strawed with gray, was about five
feet three inches tall and weighed
about 140 pounds. She was wearing a
house dress, but was without a hat.

Madden Collapses In Congress Session

Washington, Feb. 5.—Rep. Martin
Madden of Illinois, one of the Re-
publican leaders of the house, col-
lapsed today during an appropri-
ations hearing in the house and was
removed to his home in an am-
bulance.

Rep. Madden is 71 years old and
has represented his Chicago district
in congress for 20 years.

SOCIETY

Mullett-Hannay
Miss Ruth Mullett and Paul F. Hannay were united in marriage at 4 p. m. Thursday at the home of Rev. Anthony Bamford, pastor of the Presbyterian church in New Cumberland, W. Va. They were accompanied by the bride's mother, Mrs. William Mullett.

Mrs. Hannay, the daughter of Mr. and Mrs. William Mullett, East Fifth st., was graduated from Salem High school in the class of '25. She is employed at the Oriental Stores Co. Mr. Hannay, the son of Mr. and Mrs. J. W. Hannay, of the Newgard rd., is employed by the Hannay Dray company.

The young couple will make their home with the groom's parents on the Newgard rd.

Light Bearers Meeting
Charles Stewart will be the leader when the Light Bearers of the First Presbyterian church hold their meeting at 2:30 p. m. Saturday in the chapel. Other numbers on the program are:

"Missions and Minding," Anna Ruth Rhea; song, "Itha and Frances May Vincent"; first chapter of "Chinese Lanterns," Richard Chamberlain; story, "George Washington—a code call for America."

The hostesses at this time will be Mesdames Mildred Kane and Florence Rusak.

Compliment Miss Allen
A group of friends of Miss Willa Allen, bride-elect of John Little, carried out a complete surprise for her Thursday evening at the home of her aunt, Mrs. John Ketterer, and complimented her with a miscellaneous shower, which contained beautiful gifts for her new home.

The hours were happily whittled away at cards and games and a delicious lunch was served by Mrs. Ketterer.

South Side Club
Meeting Thursday afternoon with Mrs. Louis Schilling, Lisbon rd., members of the South Side club elected these officers for the ensuing year: President, Mrs. David Astor; secretary-treasurer, Mrs. D. L. Camp; committee on arrangements, Mrs. Frank Trotter, Mrs. William Heckler and Mrs. Ed Grubbs. Fancywork was a diversion and a lunch was served. In one week the members will meet with Mrs. D. L. Camp, Lisbon rd.

Mrs. Collier Hostess
Mrs. Clyde Reich proved the best player at bridge on this occasion and was awarded a trophy at a meeting of club associates at which Mrs. Paul Collier was hostess Thursday afternoon at her home, Lincoln ave. A lunch was served after the games.

Thursday Afternoon Club
Pink candles in crystal holders beautified the table at a prettily appointed luncheon given by Mrs. James Atchison and Mrs. Howard Chamberlain Thursday at the former's home, Canfield rd., in honor of the birthday anniversary of Mrs. Charles Cornwall, a member of the club. In two weeks the members will meet again.

Sterling Club
Assembling at the home of Miss Louise Goshen, North Union st., Thursday evening, members of the Sterling club spent the time in visiting with fancywork a diversion. The hostess served a lunch of St. Valentine's day appointments. On Feb. 22 Miss Iva Hoopes, Franklin ave., will entertain the members.

N. B. Club
As guests of Mrs. Grant Elton members of the N. B. club met Thursday afternoon at her home, East High st. The guests were interested in needlework while they visited. Pretty valentines were given as favors and the lunch appointments were in keeping with that day. In two weeks the members are invited to meet with Mrs. S. R. Shive, East Eighth st.

English Ladies Aid Society
Mrs. Kate Moff was hostess at a meeting of the English Ladies Aid society of Emanuel Lutheran church Thursday afternoon at the parish hall.

One new member was enrolled and it was planned to hold a bakery on Feb. 20, at the Burns Hardware.

Leap Year Club
Select readings and fancywork helped make the occasion enjoyable at the Thursday afternoon assembly of Leap Year club members at which Mrs. Robert Auld presided at her home, East High st. A lunch was a concluding pleasure. In two weeks the members will meet with Mrs. R. R. Read, Cleveland ave.

Martha Washington Club
Associates of the Martha Washington were guests of Mrs. Julia Finley Thursday afternoon at a meeting at the home of her daughter, Mrs. Charles Snyder, Broadway. The usual pleasures occupied the time. In two weeks the members will meet again.

Ruby Club
Mrs. Annie Johnson delightfully entertained Ruby club associates Thursday evening at the home of Mrs. Pearl Lescinsin, East High st. At 8:30 a two-course dinner was enjoyed and radio music entertained. In two weeks Mrs. Maud Miller, West Fifth st., will be hostess to the members.

Jennings Avenue Club
An informal social time with needlework the chief pastime was enjoyed by members of the Jennings Avenue club, who were guests Thursday afternoon of Mrs. Frank Matthews, Jennings ave. In one month the members will meet with Mrs. Henry Maeder, Cleveland ave.

Theater Party
Employees of the First National bank composed a party that went to Youngstown Thursday evening to see "The Student Prince." Preceding the play all went to Wickliffe Manor where dinner was served.

A Supper Party
Mrs. James Carey entertained 10 friends at a supper party Thursday evening at the Quaker Tea House, McKinley ave. Cards were introduced after the meal.

Mrs. T. E. Millmore of Vine st. left Thursday evening for Evansville, Ind., where she will visit her parents.

Mr. and Mrs. Joseph Byrne and children, of Charleston, W. Va., are visiting at the home of Mr. and Mrs. H. W. Bosten, Ellsworth ave.

BEER APPEAL

Dr. Gilbert, "and one of its rules is that publicity shall never be given to matters which come before it. It would therefore be unfortunate if the impression were given that the association has in any way endorsed Dr. Empringham's sentiments."

Dr. Gilbert expressed the belief that the Church Temperance Society, represented by Dr. Empringham, had been defunct since 1918. Commenting on the possibility of action on the

Hats Show New Tendencies

The Long Popular Felt of Severe Outline Is Sharing Its Vogue With the Draped Turban

The day of the felt hat is by no means past, or has its vogue abated in smartly dressed circles, but the hour has come when the mannish felt is called upon to share its place in the affections of the well-dressed with a hat of softer outline. The draped hat has come into its own and the softer outlines are smartly accompanying the costumes which are formal in appeal.

The felt, of course, reigns supreme in the sports world and for tailored modes. There seems little likelihood of the felt hat being discarded for some time to come. Its uses are too many and its smartness is an accepted fact. The felt which is so becomingly worn during winter months carries its chic lines southward and there accompanies the sports, or in some cases, dress frocks most successfully.

Shades which are of exquisite appeal find themselves smartly worn in the felts which are taking on new lines. Felts now have a tendency to take unexpected twists and turns and are no longer the simple cloche. Reims there may or may not be, and the crown frequently carries itself into an unusual

position question by the social organization, as indicated in Dr. Empringham's post. Dr. Gilbert said: "The executive committee of that organization in the diocese of New York has decided that the matter is not to be taken in any way, nor is it to be taken by its members been consulted. I can also state that the action is true of the Department of Social Service of our national council."

"Our general convention is the only body that has the right to speak for the Episcopal church on subjects of this kind. Thoughtful Episcopalians will recognize the right of any man to seek by legitimate means the modification of the Volstead act, but it does not follow that the sentence of the Episcopal church favors such modification."

Officials of the Anti-Saloon League challenge the sources upon which Dr. Empringham and his associates in the Church Temperance Society base their appeal for the modification of the Volstead act.

Plan Welcome For Ship Rescue Crew

New York, Feb. 5.—Mayor Walker and his aides made extensive preparations for a fitting welcome to Captain George Fried and the members of the crew of the liner President Roosevelt that rescued the crew of the British steamer Antiope at sea, when she docks on Feb. 15.

A two day reception will include a parade, a celebration at City Hall and a testimonial luncheon.

The Chinese are said to stand change of climate better than any other race.

FRENCH FINANCING PLAN HALTED HERE

Sale of German Railway Bonds Frowned Upon In Washington

Washington, Feb. 5.—An ambitious project for the virtual re-financing of the French government with American dollars—permitting France to stabilize her currency and settle her war debts to the United States and Great Britain—has been given a cold reception in Washington, it was learned authoritatively here today.

The plan is credited to Montague Norman, governor of the Bank of England, who recently spent several mysterious weeks in this country conferring with New York bankers and leading New York treasury officials. According to reliable information here, he succeeded in "selling" the project to the bankers, but ran up against a stone wall of opposition when he came to Washington to discuss his plans with administration officials.

The basis of Norman's plan is understood to have been the sale in the United States of millions of dollars in German railway bonds, now held by the transfer committee under the Dawes plan as security for German reparations. The sale of these bonds has frequently been suggested before and always frowned upon by the American government. However, Norman is understood to have broached the matter recently in a more insistent form but with no better success.

Treasury officials do not consider these bonds as marketable in the American investment field, although some leading New York bankers are reported to have expressed a willingness to undertake the job.

BATTLE OVER TAX PUBLICITY RAGES

Senate Progressives Seek To Overthrow Repeal Of Publicity

Washington, Feb. 5.—The battle over repealing income tax publicity was in full swing today in the senate as a part of debate on the new \$352,000,000 tax reduction bill.

A fighting progressive minority, led by Senators Norris (R) of Nebraska; Coughens (R) of Michigan; and McKellar (D) of Tennessee, sought to overthrow the recommendation of the senate finance committee repealing the publicity clause. As the house also voted to appeal publicity the Progressive group faced the uphill task.

Before the fight is ended the senate will be given opportunities to vote not only on restoring the publicity feature of the present law but upon the question of making all income tax records public. An amendment of Norris would describe the tax returns as public records, subject to publication in their entirety.

He sponsored another amendment, as did Senator McKellar, to restore the present publicity law which makes public only the amount of tax paid. Although the senate has voted in favor of both proposals in the past, their adoption as part of the new tax bill is extremely doubtful.

Administration leaders stood for the repeal of all publicity on the ground that the present publicity law had injured legitimate business. In this view, they were joined by conservative Democrats.

JURY CONSPIRACY CASE IS PREPARED

Joseph Kirby Is Prisoner Until Grand Jury Can Probe Charges.

(Salem, Feb. 5)—With nearly 300 persons under subpoena to appear as witnesses before the grand jury and the demand of Judge John M. Killits that six persons be indicted for conspiracy in connection with alleged attempts to influence prospective jurors in the two Kirby trials, the hearing of the grand jury members of the February grand jury was to begin the hearing of witnesses today at 10 o'clock.

Today the grand jurors were clean-cut and clear in what is designed as a sweeping investigation of alleged illegal practices. Joseph Kirby, founder of the Cleveland Dispatch and former head of the Cleveland Dispatch company, was held today as a prisoner in the county jail. Kirby was kept there, Judge Killits said, until the present investigation is completed. Kirby was convicted last September on a charge of using the mails to defraud, after a former jury had failed to agree as to his guilt or innocence. District Attorney A. E. Bernsteen and his assistants maintained the strictest silence as to the possible ramifications of the investigation. Judge Killits in his charge to the jury yesterday afternoon indicated that the government already had in its possession sufficient evidence to warrant the indictments asked.

Markets

OILS AND MOTORS UP

New York, Feb. 5.—California oil stocks, motors and high priced industrial stocks sold at higher price levels at the opening of the stock market today. California Petroleum was up 3/4 at 45 1/2. Union Oil of Cal. up 3/4 at 43 1/2. Pacific and General Petroleum fractionally higher. Third Avenue Railroad opened at 40, up 1/2 and advanced to 41 1/2. Chrysler Motor was up 1 1/2 at 51. General Electric up 2 at 35. Allied Chemical up 1/4 at 11 1/2. United States Steel down 1/4 at 13 1/2. American Sugar up 1/4 at 8 1/2.

The motor oil and traction stocks continued their spectacular advance to higher price levels today in an active session, in which the volume of trading was considerably above that of the same period in the first four days of the week. A 5-point loss in the reserve ratio of the New York Federal Reserve bank, as revealed by the weekly statement, was a partial explanation for Thursday's tightening of the call loan market, and for today's renewal rate of 5 percent.

The California oil stocks monopolized the bulk of speculative attention in that section of the market. California Petroleum moving up a point to 45 1/2. Union Oil up 3/4, and other stocks in this group fractionally higher. In very heavy trading, Third Avenue Railroad advanced to 41 1/2. Chrysler Motor advanced in heavy trading to 52 1/2. General Motors, Ford Motor, Hudson, and other motor stocks gained about a point on the average.

Market rumors that "the shorts in Chrysler would be run in today" were apparently fulfilled when that stock opened 1 1/2 points higher and advanced in heavy trading to 52 1/2. General Motors, Ford Motor, Hudson, and other motor stocks gained about a point on the average.

CLEVELAND LIVESTOCK

Evangeline Booth III

COMM EVANGELINE BOOTH

Commander Evangeline Booth, head of the Salvation Army in America, is reported to be gravely ill in New York. Friends are keeping her whereabouts a secret in order to insure perfect quiet.

17 MINERS DEAD, RESCUERS REPORT

Herning, Pa., Feb. 5.—Conditions have arisen which will make the removal of the remaining bodies from the Pittsburgh Terminal Coal company's mine No. 4 impossible before tonight at the earliest, company officials announced today.

Rescue teams have located all of the bodies, said to number either sixteen or seventeen.

It had been hoped the remaining bodies could be removed by noon today, but tests of the air in the chamber where men were entombed by

an explosion, showed the air had not cleared sufficiently to make rescue work safe.

All efforts this morning were concentrated in pumping gasses from the mine.

When rescue workers forced an entrance into the death chamber early today they reported to mine officials that all of the entombed men were dead.

Three bodies were removed shortly after the explosion.

SEVEN DEAD, FIVE MISSING, 12 HURT IN ROOF CAVE-IN

New Britain, Conn., Feb. 5.—Seven dead five missing and 12 injured is the known toll today of the disaster

caused by the sudden collapse of a wall of the North & Judd factory here yesterday.

Rescue work continued through the night under acetylene torch lights in the hope that men buried beneath the ruins might be recovered.

Four separate investigations into the cause of the crash are under way. They are being rushed by the state factory inspector, municipal building department officials of the North & Judd Co. and Dr. Waterman Lyon, department medical examiner.

The official cause is given as a cave in of the roof by the weight of snow.

TRAIN IS HELD UP, ALCOHOL SEIZED

Putnam, Ill., Feb. 5.—Ten masked "hi-jackers" early today held up a freight train, westbound, on the Chicago, R. & I. and Pacific railroad, as it waited on a siding here for a passenger train to pass, and escaped with alcohol valued at \$10,000.

The train crew and J. Fitzpatrick, train rider, were held helpless at the point of pistols while three cars were broken into and 240 cases and 50 crates of alcohol loaded into waiting trucks and hauled away.

Edison and Party In Florida Home

Fort Myers, Fla., Feb. 5.—Mr. and Mrs. Thomas A. Edison and a party of eight today were comfortably settled in Edison's winter home here.

Edison was formerly greeted at the depot but fatigued by his long trip declined to talk to newspapermen.

Newton D. Baker, former secretary of war, and old friends of Edison, greeted the inventor and his party upon their arrival.

Lewis Is Urged To Seek Governorship

Columbus, Feb. 5.—Resolutions demanding that Lieutenant Governor Charles H. Lewis, Harpster, become a candidate for the Republican nomination for governor this year are expected to be adopted at a meeting in the Southern hotel here this afternoon of Lewis supporters. Every Ohio congressional district will be represented at the meeting. It was announced.

OPEN EVERY WEEK DAY FROM
A. M. TO 6 P. M.

TALKS ARE GIVEN BY FOUR SENIORS

Varied Subjects Treated In Speeches At The High School Assembly

At the assembly held at Salem High school Friday morning, four speeches were given by seniors: Francis Barker, Mary Chessman and Sylvia Barson.

Francis Barker took as his subject "The Life of Swift." He explained that Swift felt very bitter toward the world and expressed his bitterness in his works. We have to live and work to obtain real benefit of things in this world, was the point which conveyed.

"Roycroftage" was the topic Mary Chessman's interesting talk. She explained why the Roycroft shops were built. Mr. Hubbard was the man who first built the Roycroft shop to give the young people of the vicinity a better education. He built the shops up until their products became known all over the world. Each worker has a share in this shop, and when he quits he sells his share back to the concern. Therefore each worker is working for the good of the shop and himself. The shop is worth \$300,000 and there are 500 workers.

That women are making good in the business world and politics are recognized in the industrial world the same as men, was pointed out by Anna Barker, who spoke on "Employment of Women and Their Part on the American Home." She expressed the opinion that the modern home gives the woman a chance to do something, and she gave an idea of what the future American home will be.

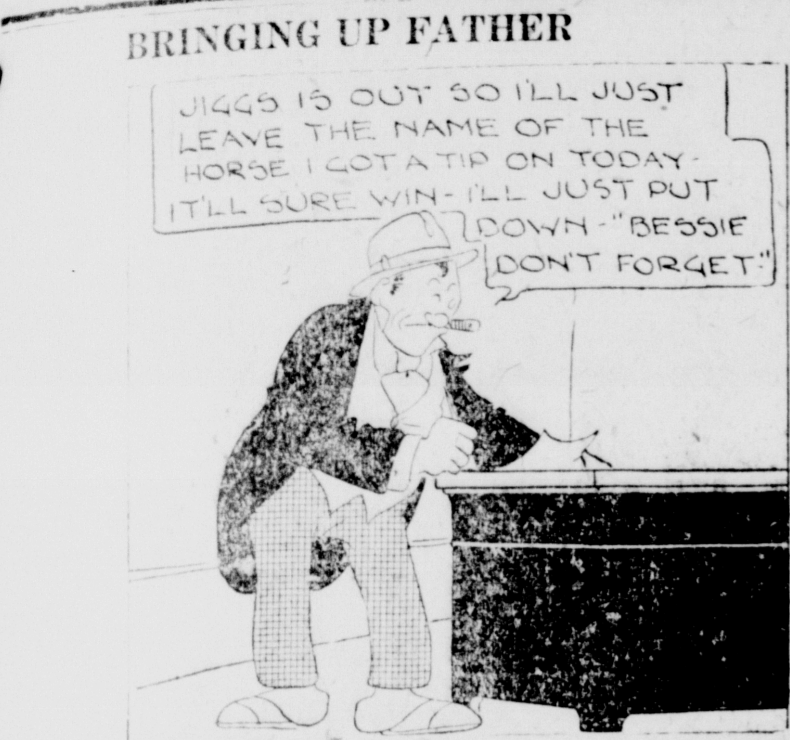

Sylvia Barson, speaking on "Other," gave the physical history of the state, and told something of the part it had had in the nation's history when the union was at stake. She also spoke of the great men, who had been born in Ohio, among them presidents.

Heart Operation

Logan, Ohio, Feb. 5.—A very unusual operation was performed at the Cherrington hospital when doctors operated on 13-year-old Verne Snyder for an infection of the membranes of the heart. The infection followed an attack of tonsillitis.

BRINGING UP FATHER

11445 IS OUT SO I'LL JUST LEAVE THE NAME OF THE HORSE I GOT A TIP ON TODAY. IT'LL SURE WIN. I'LL JUST PUT DOWN "BESSIE DON'T FORGET"

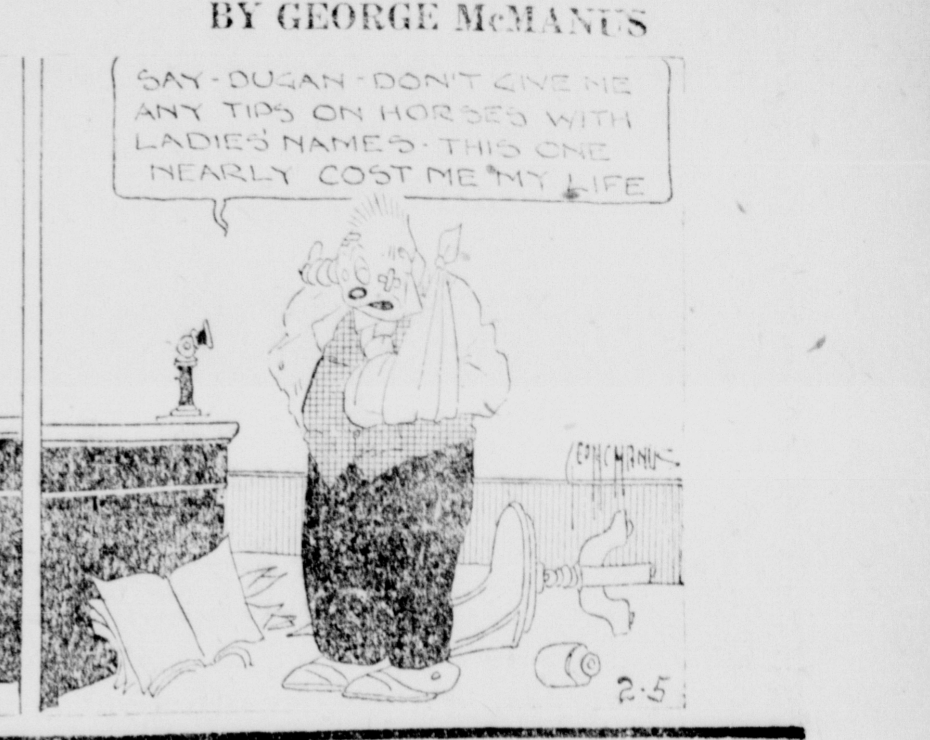

MY HUSBAND IS NOT IN - WHAT IS THIS ON HIS DESK?

"BESSIE DON'T FORGET" I'LL FIX HIM WHEN HE COMES IN - AND HE WON'T FORGET IT EITHER.

SAY - DUGAN - DON'T GIVE ME ANY TIPS ON HORSES WITH LADIES NAMES - THIS ONE NEARLY COST ME MY LIFE.

Milk and Its Uses In the Home

A safe, abundant milk supply is recognized as an important factor in our national welfare.

The booklet, "Milk and Its Uses in the Home" which this bureau is of for free to its readers, discusses milk as a food from the point of view of the consumer and shows why it is exceptionally important in the diet of children and a valuable food for adults. Suggestions for the care and use of milk are also included, as well as directions for pasteurizing it at home.

Read for your copy of this valuable booklet today. Enclose two cents in stamps for return postage.

Frederic J. Haskin, Director, The Salem News Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the MILK Booklet.

Beginning Tomorrow—A Remarkable Sale of

Smart New Dresses

"Sunbeam" Brand—in Genuine Aberfoyle Radioux Chiffon and Mohpac Sports Fabrics

AN EVENT the Dress Shop is justly proud of—we know fashion-wise women and misses will be delighted with such smart, attractive and practical dresses at so inexpensive a price! They are ideal for Spring and Summer—suitable alike for home, street and sports wear.

The large assortment is comprised of the well-known "Sunbeam" Dresses made of the fashionable Radioux Chiffon, a superior Rayon fabric in a very fine quality and unusual new Spring patterns. It is absolutely guaranteed sun-fast and tub-fast—also to retain its silken luster, and non-shrinkable.

The models sketched above are representative of the attractive choice offered in this assortment. All straight-line tailored styles that embody the smartest Spring style features. Each individual with trimmings of plain white or colored Radioux Chiffon. Also models trimmed with handwork.

Distinctive Features Exclusive with These Dresses

Aberfoyle Radioux Chiffon is an outstanding Rayon fabric of surpassing quality and beauty. With the exception of the staple patterns, all of the designs are exclusive to Radioux Chiffon and Mohpac fabrics—patterns of a character not possible in any other Rayon material. They fit perfectly because of their perfect, generous cut. They have wide 4-inch hems. In addition, these dresses have been made very liberal in length, and in most instances the hems can be made from 6 to 8 inches deep.

Regular Sizes, 16 to 44

Among the New Spring Colors and Color Combinations

Bons de Rose Jade Green
 Pervenche Blue Poudre Blue
 Lanvin Green Coral Pink
 Beige Orchid Sunset Castles

Red and Tan Combinations

The fine, expensive dyes used in Aberfoyle Radioux Chiffon and Mohpac make these clear, lovely colors possible. Even after numerous tubings and exposure to the bright Summer sun, they will remain as fresh and attractive as when they are new.

Extra Sizes, 46 to 52

Mohpac Sports Dresses Also Featured in This Event

This wonderful new sports fabric is usually found only in dresses selling at much higher prices. Many trim styles in this group display distinctive new designs and colors. They are smart for country club wear.

ABOUT TOWN

Amity Lodge

It was announced at the meeting of the Amity Lodge, O. O. F., Thursday evening that the initiatory degree will be conferred at the meeting next Thursday evening. The Three Links Social club has postponed its social meeting for Monday evening, Feb. 15, in order that all lodge members may attend the next of the series of district meetings at which Washingtonville lodge will be host that night.

Aids Building Fund

The Doreas society of Holy Trinity English Lutheran church has pledged \$500 to the new church which the congregation plans to build, and has paid \$150 of that amount into the building fund.

This report was given after a meeting of the society Thursday afternoon at the home of Mrs. Boats, East High st. The hostess served a pleasing lunch.

Pythian Sisters

At the meeting of Friendship temple, No. 100 Pythian Sisters Thursday evening an interesting report from the third annual convention held on Wednesday at Columbus was given by the delegate, Mrs. J. E. Gay.

After the lodge session a social hour was enjoyed during which a lunch was served by the new committee.

Suffers Stroke

William Dewese, well known here, is seriously ill at his home in Barnesville, suffering from the effects of a stroke. His niece, Miss Margaret Johnson, of Monroeville, Ind., who has been visiting at the home of Clark Edgerton here, received word of Mr. Dewese's illness late Thursday. She will leave next week for Barnesville.

Relief Officers

The new board of directors of the Deming Relief association has elected these officers to serve for a year: President, H. W. Kirkbride; vice president, W. L. Glass; secretary, Roy C. West; treasurer, E. S. Dawson.

Irving and Ellen To End Honeymoon

Paris, Feb. 5.—The honeymoon of Irving and Ellen Berlin is nearing an end, and they intend to settle down soon in Europe.

"We are just sunshine seekers," said Berlin today. "We are leaving for Lisbon this week and from there we will go to Madeira for a month or six weeks."

"Then that will end the pleasure seeking for a while, because I have to get to work. We will settle down somewhere right away, but have not made up our minds whether it will be Paris or London."

SENATE BALKS AT MINE PEACE JOB

Washington, Feb. 4.—The senate today went on record as refusing to intervene in the anthracite strike. By a vote of 43 to 23, with party split, the senate refused to try to settle the new reduction bill to consider the Caneland resolution, urging President Coolidge to call miners and operators to the White House to end the tie-up.

Rev. Sweeney, Former U. S. Consul, Dead

Indianapolis, Feb. 5.—Rev. Zachary T. Sweeney of Columbus Ind., U. S. consul general to Constantinople from 1883 to 1893 and for many years one of the best known lyceum lecturers in the country, is dead here today at the age of 78, following a lingering illness resulting from pneumonia.

Mrs. Carrie Newbick of Detroit arrived Sunday to visit her parents, Mr. and Mrs. I. O. Courtney. Miss Lucile will accompany her home to spend several days in Detroit.

New Pontiac Six Displayed Here

PONTIAC SIX COACH

Pontiac, "the chief of the Sixes," is here. The first arrival of this new General Motors automobile, manufactured and distributed by the Oakland Motor Car company as a companion to the Oakland Six, has been placed on display by the Keller Auto Co., local Oakland dealer.

The new Pontiac Six made its debut at the New York automobile show where its many distinguished features of engineering design, and body refinement and low prices then announced created a sensation. The new Pontiac is being made in two body types, a five passenger coach and a two passenger coupe.

It is a car of characteristic General Motors' quality. The beautiful Fisher built bodies with rich fittings and the lustrous Duco finish in two colors belie the fact that the Pontiac is one of the lowest priced six-cylinder cars on the market.

MYSTERIOUS

While vitamins are unseen, mysterious factors, medical science proves that they are necessary to assure health.

A son was born to Mr. and Mrs. Owen Slagle last Thursday.

A child was born to Mr. and Mrs. Frank Beckman of Perkins Corners last Thursday. The mother was Miss Ruth Cochel and is with her parents, Mr. and Mrs. Charles Cochel of Calla at present.

The north roads were so drifted with snow last Thursday the school wagon did not get in for two days, and the one from the south did not.

get in on Friday and no busses ran until Saturday afternoon.

The Ladies Aid met with Mrs. Lewis Kopp Wednesday at an all day bazaar and a covered dish dinner.

The Luther League will present a program in the church on Sunday evening, Feb. 14.

On account of the fourth number of the lecture course being held Monday evening the church council deferred their meeting until Friday evening this week.

Mrs. A. L. Taylor and Mrs. J. W. Walter were entertained at quilting by Mrs. A. W. Bush last Wednesday and a sumptuous chicken dinner was served.

William Kopp, who recently purchased a new Overland coach, is employed as traveling salesman for the Kopp Brothers candy manufacturers of Tuscarawas.

P. A. Simpson was the guest of Wm. Arkwright and family of Beaver township on Sunday.

Sam Bush recently purchased a Ford roadster.

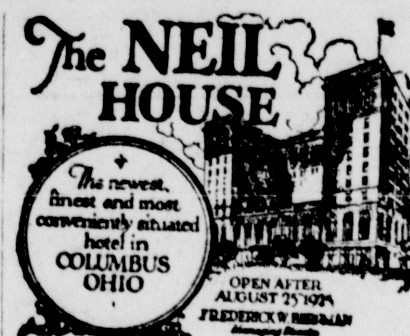

Frederic Hiltbrandt is living with Willis Rotzel's for the present.

READ THE WANT COLUMN

National Mazda Lamps

The next two months will be busy ones for electric lamps because more light is needed when the days are short and nights are long. And plenty of light is economy, especially where you read or sew. Now if you have some lamps that are dim and causing eye strain it might be wise to have them changed. For much depends on having lamps that suit the needs of every spot. We're glad to help in any way to improve your light and NATIONAL LAMPS will do the trick. Yours for more light.

THE GUMPS—JUST A SONG AT TWILIGHT

Theatre

MOVIE STAR HERE
 "Sunshine" Mary Anderson, popular movie star, is coming to the Grand theater next week. Miss Anderson is a Hollywood beauty and one of the most popular among the motion picture colony. They all call her "Sunshine" Mary because she is always smiling and always has something nice to say about someone else.
 Mary was nicknamed "Sunshine" by the late Thomas H. Ince, back in 1918 when she started playing bit parts for the Vitaphone company, with Anita Stewart. Her work stood out and she was given a contract with Vitaphone making many features for that company. Then she freelanced for one producing company and then another. She appeared in roles with such screen personalities as Milton Sills, Charles Ray, William S. Hart, Antonio Moreno, Henry B. Walthall and Conway Tearle.
 Miss Anderson brings her cameraman and the full equipment for the taking of actual movies on the stage of the Grand theater.

JONES AT GRAND
 "Gold and the Girl," a story of gold and the greed for gold is the picture which will come to the Grand tonight. It is a William Fox production starring Buck Jones, surrounded by a capable cast including Elinor Fair, Bruce Gordon, Claude Peyton, Lucien Littlefield and Alphonzo Elchier, Edmund Mortimer directed.
 The scene is laid in Chance—so named, perhaps, because of the desperate chances that had been taken within its borders. There is a gold mine several miles distant from which a wagon carries gold along a winding trail where bandits lurk. Buck Jones in the role of a daring young insurance detective, is sent to Chance to try to put an end to the frequent attacks on the gold wagon.
 He immediately challenges the outlaws by driving the wagon from the mine himself. Action begins at this point, and is fast and furious to the end, when Buck succeeds in capturing the bandits and winning the girl he promises to be an exciting film worth seeing.

"HANDS UP"
 He's coming to make you smile, laugh and roar until your sides ache! Who?
 Why, that funny fellow with the high silk hat—debonair, smiling Raymond Griffith—in a bright and lively and exceedingly peppy comedy that bears the title of "Hands Up." He will be at the State tonight with a combination Civil war and western background, in which Griffith has the novel role of a rollicking carefree young aide to General Robert E. Lee. His rip-roaring adventures as a Confederate spy run a long way toward proving that Sherman was wrong, and war is hilarious!
 But that's only the half of it! Pleasure in falling in love with two beautiful girls, one a blonde, the other a brunette, and discovering that both girls love him and are determined to marry him. What's he going to do? That's what worries him all the way through the picture, even when he's dodging Indians, battling western "bad men" and trying to win the war single-handed. His method of solving this romantic problem is as funny as it is logical.
 Although Griffith is the outstanding performance, the principal supporting players are Mack Swain, Montagu Love, Virginia Lee Corbin and Marion Nixon.

Is your appetite gone?

REMEMBER, how it used to be when you could hardly wait for mealtime? And then, at down and eat several helpings of everything—enjoy every morsel and get up from the table feeling satisfied with the World, happy with everybody and ready for anything?

But what a difference in living when even the sight and smell of food sickens you! Never hungry—no matter how tempting the food is—nothing tasting right. And then, after nibbling at a few bites, feeling worse than ever.

Oh, life is hardly worth living this way. And yet, all in the world the matter with you is that you are starving for rich, red blood. And it is as knowledge everywhere that S. S. S. helps Nature build these healthy red-blood-cells by the millions!

All you need to do to get back that wonderful appetite is to build rich, red-blood-cells with S. S. S. It's simple. Just try it, like thousands are doing every day.

See for yourself what S. S. S. will do. S. S. S. means blood with a punch—brimful of new life and energy. Get your S. S. S. at any good druggist. The larger size is more economical.

COURT NEWS

Enters 12 Actions

Twelve actions entered in common pleas court by S. Breakstone of East Liverpool against as many fire insurance companies for the collection of policies he held at the time his business was destroyed by fire at East Liverpool, have been compromised out of court.

Journal entries filed in all of these cases shows an adjustment, and at two costs of the plaintiff. Several other cases remain to be disposed of, and it is believed that a compromise adjustment will be reached later in these actions.

Decline in Bills of Sale

There has been a decided decline in the recording of automobile bills of sale. The average is now down to between 25 and 50 per diem. A month ago the average was between 100 and 200 per diem.

There is also a lack in demand for hunting licenses, so far as the records of the office of the clerk of courts is concerned. Few hunting licenses are being sold at this time by township clerks. It is reported in Lisbon.

Hotel Is Leased

A four year lease has been taken on the McKinley hotel, Second st. East Liverpool by R. H. Canaday, the lease having been granted by William Spatz. It calls for a total rental of \$6,250 for the term or at the rate of \$125 per month. The hotel contains 31 sleeping rooms.

Coach or Coupe, at factory

General Motors' New Six is here!

GENERAL MOTORS now presents through its Oakland division the New Pontiac Six—the first six-cylinder car it has ever named and sponsored from the original design.

Representing the supreme embodiment of the corporation's almost limitless resources, this new Six is destined to compel a complete revision of existing ideas in motor car value.

The Pontiac Six is not another of the so-called "revolutionary" cars.

It is simply and solely a car of high quality developed to dominate a definite market... and as such represents an achievement no less significant, no less unprecedented, no less epochal than the invention of the first six-cylinder engine.

In the Pontiac Six you are offered a new order of beauty—that grace of line and balanced proportion characteristic only of Fisher craftsmanship. You are offered precisely the enduring body construction that is used on cars selling for \$2,000 or more, finished in rich Duco colors.

You are offered a roadability of extraordinary scope—exhilarating power for hills, refreshing agility in traffic, a maximum speed you will use only in emergencies.

Add to this new order of beauty and this performance of unprecedented brilliance, the equally important matter of accessory equipment, and the preponderance of Pontiac value becomes literally irresistible—

—for the Pontiac Six comes equipped with full balloon cords, nickel-d radiator, Fisher VV windshield, automatic windshield cleaner, indirectly illuminated instrument panel, rear vision mirror, high-speed window regulators and other important essentials to pride of ownership.

The Pontiac Six is now on display in our salesrooms. Demonstrations may be arranged for. We not only invite you to see this newest creation of General Motors at the earliest possible moment—we urge you to come prepared for a new and unique experience—for here at last is the Six you have always wanted... at a price so unexpectedly low that only General Motors could possibly achieve it.

The Pontiac Six, companion car to the Oakland Six, is built and distributed by the

Luncheon
Cottage Cheese with Bar le Duc
Whole Wheat Bread and
Butter Sandwiches
Peach Shortcake
Parsnips
Pineapple Whip
Tea or Coffee

TODAY'S RECIPES
Creamed Rice—One cup rice, one quart water, salted water, three table-spoons sugar, one pint milk. Cook rice in water ten minutes. Drain, place in upper vessel of double boiler, add sugar, milk, and simmer until milk is absorbed. Stir in the dates and cook two minutes longer. Serve hot, with cold milk.

Peach Shortcake—Canned peaches are to be used for the shortcake. Drain them of juice. Make rich biscuit dough or simple cake recipe and serve with whipped cream. Sponge cake may be used in place of the biscuit dough or cake on the plate and put peaches on the cake and cream on all.

Fricassee of Veal—Take two pounds of sliced veal cut from loin and cover with boiling water. Add one small onion, two stalks celery and a sliced carrot. Cook slowly until meat is tender. Remove meat, sprinkle with salt and pepper, dredge with flour and fry until brown in hot fat. Strain liquor, melt four table-spoons butter, add four table-spoons flour and strained liquor. Bring to boiling point, season with salt and pepper and pour around meat.

Pineapple Whip—One cup grated pineapple, beaten whites of five eggs (sweetened). Beat together until light and fluffy. Serve cold with or without a sauce.

SUGGESTIONS
Silk ribbon can be stiffened or freshened by rinsing in a weak solution of white sugar and water.

It is often difficult to start screws when the wood is very hard. If a nail driven in and then removed it will leave a place where the screws can be turned a little smaller than the screw is more easily turned.

When washing white silk rinse it in a solution of one teaspoon of alcohol to one quart of water.

Ebony should be rubbed well with a soft rag sprinkled with salad oil to bring out a brilliant polish.

Put a clove into the Irish stew for a savory flavor and a sprig of parsley into pea soup or a dish of peas.

Three thousand Russian refugees, including princes, counts, barons and many professional men of eminence are now living in New York City.

READ THE WANT COLUMN

Paris, Feb. 3.—Hand-painted shoes are being seen on many smart Parisiennes along the boulevards and bid fair to become an important item of the spring wardrobe.

They come in all colors and designs, some with smiling cavaliers, some with landscapes. Some times a single flower decoration is on the uppers and other times it is a small bouquet. For day-wear, dark brown and black satin are mostly worn and for evening there are all the light pastel shades. Gold brocade with a heel of gold-painted leather makes a charming pair of evening slippers from the Maison Franz.

Sparkling shoes of all kinds are seen at every evening affair. A striking one seen at the Jardin de ma Soeur on Christmas Eve were held in place by five narrow straps around the ankle. They came in brocade and lame entirely studded with sparkling stones of many colors.

The same model has been seen in plain satin cloth with rhinestones and rhinestone buckles. Silver and flame brocade slippers accompanied a stunning toilette seen at the Ritz made of silver lace studded with rhinestones and having a flame-colored rose on one shoulder.

The use of gold and silver now so prevalent in all articles of dress is being repeated in the buckles and decorations which appear on evening slippers. Gold and silver buckles

heavily jeweled in colored stones or ornamented with rings of brilliant are always in evidence. Buckles also come in delightful new models of jet and even more brilliant ones combining in intricate patterns bits of jet and cut steel. Flowers, often made of leather, are being worn on after-noon and street shoes. Carved wooden buckles show novel patterns and suede buckles have the insert embroidered in color.

A new skin for making shoes is called Moon's ell, supposed to be very practical and strange to say, fashionable at the same moment.

A third of the length of a whale is taken up by its head.

Fashion Speeds Up Girls' Basketball

Central Press Photo

Members of girls' basketball team at O'Keefe High school, in Atlanta, Ga., are originators of a new style of playing uniform (or girls). Bloomers are discarded in favor of mannish trunks, and sweaters replace middies. Greater freedom in action is allowed by the uniform as you see in this closeup of an incident in a practice session. Dorothy Rainey is at left and Helen Broome is at right.

HELP YOURSELF TO HEALTH

W. K. Kellogg

Jealous Women

YOU can't blame them. Beauty and health are given but they are difficult to keep. No wonder women guard them jealously. No wonder their mirrors reveal the furtive glances of the afraid. It is too bad that women do not realize that constipation's ruinous poisons undermine health, destroy beauty, sap vitality and sicken with headaches. But thank goodness, beauty and health may be safeguarded by safely, surely and permanently relieving constipation with Kellogg's ALL-BRAN.

No matter if constipation has become chronic, Kellogg's ALL-BRAN will bring permanent relief. This is why: ALL-BRAN journeys through the body unchanged in fiber. It is what doctors call a bulk food. It is 100% bran and brings 100% results.

As Kellogg's ALL-BRAN sweeps through the intestine, it cleans and purifies—stimulates the flow of digestive juices—absorbs and carries moisture. It causes a laggard intestine to function as nature intended.

That's the splendid thing about the action of Kellogg's ALL-BRAN—it promotes natural, healthy and regular elimination.

Eat two table-spoonfuls of Kellogg's ALL-BRAN every day—in chronic cases, with every meal. If eaten regularly, it is guaranteed to bring permanent relief or the grocer returns the purchase price. Its delightful nutty flavor makes it good as a cereal. Serve with milk or cream alone, or with fresh or preserved fruit—sprinkle over other cereals; cook with hot cereals; use in soups, or in the recipes on the package.

Be sure you get Kellogg's ALL-BRAN. Don't accept a part-bran product, for it cannot do a whole-bran job. Chances are, it will do no good at all. Don't take chances. All grocers sell Kellogg's ALL-BRAN. Leading hotels and restaurants serve it.

4 FIGHTERS FLOUT NEW YORK BOARD

Tunney Is Latest To Come Under Boxing Commission's Edict

By DAVIS J. WALSH
New York, Feb. 5.—Indications today were that the New York State Athletic Commission, self elected director of all heavyweight controversies, may find itself master of none when the boys forget they are gentlemen and the title show down comes, if ever.

There happens to be a trio of men involved in the heavyweight championship situation and only three of them may not get the attention of the commission, which now threatens him with a non-renewal of his license. The young man, however, continues to bear up bravely in view of the fact that he has not yet fought. He is, however, not yet in a New York ring until after the championship matter is settled one way or the other.

He made some sort of verbal agreement to box Jack Sharkey, Boston heavyweight, here this month and it is this fact that has prompted the commission to issue its overt threats.

Three Others
Our Mr. Dempsey of course has been out of talk here, so to speak, ever since he broke with the commission socially over a question of etiquette having to do with whether a gentleman ever is justified in leaving another holding what is vulgarly known as "the bag."

He seems to be just as concerned as Tunney over the situation of whatever it is and the worst of it is that the commission seems to have run out of edicts.
Tunney, of course, can point with pride to the fact that he signed to meet Harry Wills and nothing came of it. He knew that nothing would, both of these estimable citizens being imbued with the same ambition to win a Dempsey match or nothing. Wills didn't hesitate to go over the commission's head in signing with Dempsey at Niles, Mich., and would do so again if the opportunity offered which probably it won't. Wills isn't playing ball in New York either.

Meantime, the commission is taking care of a fourth possibility of driving Paul Berlenbach out of New York with an order to beat Mike McTigue all over again, just to make sure Berlenbach cannot fight here until he dangles with McTigue and he says there isn't a chance. This means that he, also will soon be out of talk.

SAILOR FRIEDMAN TO MEET SIMONICH

Al Zil Signs Boxers For Next Show at Youngstown Feb. 11.

While New York and Chicago promoters battle for rights to a 15-round battle between Mickey Walker and Sailor Friedman, the latter gentleman from Philadelphia, is preparing for a tough march at Rayen-Wood auditorium, Youngstown, the night of Thursday, Feb. 11, when he meets one Joe Simonich, late of Butte, Mont., and more recently a glove tosser of Madison Square Garden, Gotham.

Al Zil, who gives the two pushers for a 12-round bout as the feature of his next show. He is booking three other bouts as prelims.

This match is the first result of Zil's recent decision to drop as far as possible connection in Ohio, and schedule boxers from distant ports who have not been seen around this neck of the woods. Fans hope this new arrangement will result in real fights.

Norwegian Vaulters Sets Indoor Record

New York, Feb. 5.—European superiority in track events today was shown on the performance of one man.
He is Charles Hoff, Norwegian all-around athlete, who broke the world's indoor pole vault record with a leap of 13 feet, one inch at the Madison A. A. athletic carnival at Madison Square Garden last night.

The making of this record gave Hoff both indoor and outdoor marks, his outdoor record being 13 feet, 11 1/2 inches.

Hoff however was the only European who triumphed in the international contests. American entries won seven out of the nine events.

Dempsey Says Wills Bout Is Probable

Tampa, Fla., Feb. 5.—They have made no definite promise of yet, but they said they would upon my return to California, Jack Dempsey declared here today in denying the statement of Jack Doyle Los Angeles promoter that the heavyweight champion had agreed to meet Harry Wills here challenger, on Labor day.

Doyle is working with a group of Californians and Floyd Fitzsimmons to promote the proposed fight said Dempsey who after receiving a preliminary offer from the group, has taken action.

Salem Cue Artists Win From Sebring

Cecil Watkins and James Christy of Sebring played R. Morris and G. Gallagher of Salem Monday night in a 150-point pocket billiard match here. The Salem pair won by a score of 150 to 140.

The lead switched hands a number of times and the final outcome was in question until the last rack. When the last rack was up for the break Christy had the break and "scratched." Sebring will be the scene of another match between the Sebring and Salem cue artists next week.

TWO FAST TEAMS COMING TONIGHT

Carrollton High Boys And New Philadelphia Girls To Play Salem

The Carrollton Boys and New Philadelphia Girls invade Salem High's gym Friday night for annual games here with the Red and Black.

Authentic reports from those cities reveal first rate teams will not make fans feel uninterested.

Last year New Philly's sextet nosed out the Salem six, 33 to 32, in what was regarded as one of the best games of the season. This year Salem is weaker and New Philly about the same, but basketball is too uncertain a game to predict a victory for the visitors.

It happened last year that Carrollton and New Philadelphia were on the same bill here. Carrollton was easily beaten last year by the Boys, but the Carroll county five is counting on revenge this year.

While the games are being enjoyed, Columbiana and Palestine athletes will be jamming the Tourist club in Palestine, for tonight the Red and White meet the Brown and White for the second time this season. The Palestine Girls will have to win to keep a good hold on first place in the county race, but the Boys game will not mean much in the title race. However, the two schools are noted for their rivalry and battles are expected.

Schaeffer Leading Hoppe, 600 To 482

New York, Feb. 5.—Young Jake Schaeffer, 18-2 ballline billiard champion, today was leading 600 to 482 in an 1800-point match with the former champion, Willie Hoppe. The men are playing blocks of 300 points each, and although each won a block at the opening of the tournament last night, the title-holder leads in point score.

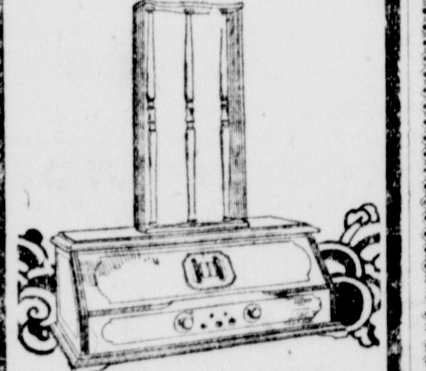

Joe Dundee Matched With Tommy Freeman

New York, Feb. 5.—Joe Dundee, Baltimore and Tommy Freeman, Cleveland, welterweight championship contenders have been matched to appear in a ten-round bout at the Bronx hospital show on March 1, it was announced today.

SALEM TIRES WIN AT E. PALESTINE

In what East Palestine fans say was the best independent game played on a Palestine floor so far this season, the Salem Tires defeated the Palestine Independent, 27 to 23, Thursday night.

With every member of the team scoring at least one basket, the Tires waded into things in the last half and won out in the last quarter. The score at the end of the half was 13 to 12, in Palestine's favor. The score at the end of the third quarter was 20-20 even, and had fans on their ears. A barrage of baskets won for the Tires in the next six minutes of play.

Paul Rich led his teammates with seven points; Ellsworth, Reinher, and Bill Rich each scored six points, and Leach two points.

Three New Swimming Marks Made In Pool

Chicago, Feb. 5.—Three new world records for a 60-foot pool go on the books today as a result of the open swimming meet of the Illinois Athletic club.

Johnny Weissmuller holds the 100-yard backstroke record of 1:01 4/5 after a hard battle with Walter Lauffer, Cincinnati Y. M. C. A., who had no old record of 1:04, made two months ago.

Swimming against time, Arne Borg of Chicago established a record of 5:32 4/5 in the 500 yard free style. The old record, held by himself, was 4:35 second slower.

The I. A. C. 160-yard relay race team's record of 1:14 4/5 was broken by the Chicago Athletic association team which cut off 4-5 seconds from the time.

\$1,000,000 For this way to end Colds

There is a way to stop colds in 24 hours. Not only that, but it ends the ill effects. It checks the fever, opens the bowels, tones the entire system. The way is so efficient that we paid \$1,000,000 for it. It is so well proved that millions have come to rely on it. Every day countless colds are being ended by it.

That way is HILL'S. Take it today and relief will come tomorrow. If you take it promptly, colds do not get started. There are no bad effects—just complete restoration.

Deal with a cold in the best way known to science. That is HILL'S. Get a box at once. At your drug store.

NATIONAL LEAGUE WANTS LANDIS FOR TEN YEARS LONGER

By DAVIS J. WALSH
New York, Feb. 5.—One of our prominent citizens left his chin unguarded again yesterday, with the customary result that only the tell-tale (X) now marks the spot where the body was found.

It remained for the National League to establish modern record at the expense of Byron Bancroft Johnson to recommending that Byron's harsh irritant Judre Landis, be retained for a period of ten years at the expiration of his \$50,000 contract.

This meant the beginning and the end of another baseball war, tacitly declared when Johnson turned up missing at the National League's golden jubilee dinner on Thursday night. He took this means of notifying Landis and baseball in general what he had in mind when the judge's contract ran out next year.

All the running out, now, probably will be done by Mr. Johnson. The summary reprisal exacted by the National League at once should prove to be the end of his Landis complex and he is in line of a new regime for bigger and better commissionships.

According to those in his confidence, the judge entertained some idea of stepping out from under when his term of office expired. He probably will think better of it after receipt of the League's heartening message. It confesses a desire to pay him \$50,000 a year for ten years.

Of course, it takes two to make an agreement and the American League happens to be a party of the second party. But with the rival league lined up solidly behind Landis, the Johnson outfit can do no less than follow. It might not feel, in total, the same sentiments but its organization lacks the cohesion of the National and some of its magnates are disposed to sit on the fence, anyhow, when a controversy arises.

Johnson probably could count upon St. Louis Boston and Cleveland to play his hand if a show down arose. But when one holds the low cards, a show down is not expedient. Johnson would have to have his entire league with him to make a fight and that isn't possible with Charley Comiskey of Chicago, remaining in baseball for personal reasons; Ruppert of New York, wouldn't crowd Landis, either, while it is not likely that Griffith of Washington; Navin of Detroit, and Mack of Philadelphia, would support Johnson in a fight which they have slight sympathy for.

The tip off on the American League's part is a recently raised Johnson's salary \$10,000. It is presumed they thought it was worth that much to have peace in the family.

Zero Weather Record Set In January; Rainbow Seen

A rainbow was observed in this county at 9 o'clock the morning of Jan. 30, according to the January weather report just issued by Cooperative Weather Observer Lawrence H. Copeland of Millport. "Waters are plentiful at the mouth of all streams," the report goes on to relate.

While January 13, 1912, was the coldest in this county when it was 23 below zero, the next record for cold weather was recorded Jan. 29 last, when it was 18 below.

The warmest period so far recorded in this county during the month of January was Jan. 21, 1906, when it was 71 above, and the heaviest snowfall recorded in any January was 25 inches which fell in 1910.

A January record for below zero was registered in this county last month when on the 13th it was 9 below and on the 14th four below was registered. On Jan. 16 it was two below and Jan. 25 it was five below. On Jan. 29 it was 18 below and it was down to zero on the 28th.

The drop in temperature from 30 above on Jan. 28 to 18 below on the morning of the 30th was unusual and

Bids For Two Roads To Be Opened Monday

County commissioners will have an active session next Monday, because of a road hearing being scheduled at 10 o'clock and bids are to be opened at noon for the improvement of two new highways in Knox and Butler townships.

The road hearing will have to do with the requirement of property in both Knox and Butler townships which will form a part of the new highway between North Georgetown and Valley. Last Monday only one change claim was filed when there was a road hearing having to do with the new road between North Georgetown and the West-Knox township line.

Bids for the construction of the East Rochester-North Georgetown rd in Knox township are to be opened by the commissioners next Monday and also for the North Georgetown Valley rd.

BIG CHANGE IN FACE POWDERS

SPEED REQUIRED IF INCOME TAXES ARE TO BE SLICED

Washington, Feb. 5.—Unless the new federal revenue act is passed by March 1, collection of taxes on 1927 incomes may be made at the higher rates of the old law, Under-Secretary of the Treasury Winston declared today.

Income tax returns for the year up beyond March 1 and it becomes necessary to collect taxes under the internal revenue by midnight, March 31 act, taxpayers will be advised to

15, unless congress passes resolution extending the time of payment until after adoption of the new law.

Winston explained that about two weeks will be required to distribute blanks and that taxpayers must have a few days within which to prepare their returns.

"If humanly possible collection will be made on the basis of the new law, but March 1 is just about the deadline," Winston said.

In case passage of the law is held up beyond March 1 and it becomes necessary to collect taxes under the old act, taxpayers will be advised to

National Bank Bill Approved By House

Washington, Feb. 5.—The McFadden bank bill, liberalizing the national banking laws so as to allow national banks wider latitude in the establishment of branches passed the house Thursday afternoon by a vote of 292 to 10.

Variations of the Jumper Blouse Appear

Midwinter Styles and Frocks for the Southern Season Forecast a Spring Which Features the Two-Piece Mode

The simple, tailored type of the jumper frock and the fairly severe lines of the two-piece frock which is worn in the evening have become an accustomed part of the winter wardrobe. But there has come into the mode a type of frock in two pieces which possesses new features of great charm and originality. The Orient has been the inspiration of some of the two-piece models, but others have taken to themselves a decorative outline quite new and vastly becoming.

The evening frock shows greatest originality in its combination of jumper blouse and skirt. Colors which create an interesting harmony have been combined in some, while others use elaborate embroidery in head, tinsel, thread, wool, silk or applique.

The evening gown, which is of chiffon—and so many of the season's favorites are of this gracefully fluttering material, possesses countless opportunities to include the jumper frock in the first ranks of beauty and popularity. Many of the newest gowns combine a heavier fabric with the chiffon and achieve distinction. The subtlety of the cut is paramount in creating a really beautiful evening frock of two pieces. Chiffons of a deep tone frequently form the petal like skirt and are bloused in a glittering silver or gold with a matching shade of the skirt incorporated in the material itself or in its trimming. Frequently a scarf is added to further the note of intimacy between blouse and skirt.

However, contrasting shades are not necessary in creating a smart evening appearance in the two-piece mode. All chiffon, all velvet, all silk, lace or crepe are used with success when the cut possesses features of individuality.

Many of the most beautiful of the two-piece frocks have gone to the Orient for inspiration and embroidery in the Mandarin manner is to be found adding a colorful note to the costume. Others, in following a foreign bent possess blouses which dare into a Persian tunic. These are most effective in the heavier materials and are lavishly decorated in embroidery, pearls and more colorful jewels. The evening mode which follows the Orient for sartorial inspiration is a colorful one and exhibits many notes of originality.

The sophisticated sports costume for the daytime emphasizes the two-piece model. This season it deviates from the fashion of last year by possessing intricate details which, though subtle, mark a vast difference in the season.

Collars and sleeves are features of the newer mode which allow

unusual twists and lines to create a smart difference in detail. The blouse is no longer of a severe simplicity, but features tucks, hand hemstitching and embroidery. Necks are apt to be high, or low, square, V, or round, according to individual will. Collars are frequently important in creating an unusual touch and find themselves interesting in gilt or silver—especially when used with the pastel tints.

Blouses are low in line and are not always accompanied by a belt, but possess a draped girdle of fact, even in the sports models.

Scarfs which so frequently give a colorful note are a most important feature of the sports costume. They are often the one splash of color permitted in a one-toned ensemble.

Fabrics which are new add a definite note of smartness to the two-piece costume. Raw silks, such as shantung, are at the height of the mode while woolsens which feature a material matching the shantung weave are smartly new and take the lead over jerseys and kashas which, however, are still popular. Tones in these fabrics favor a lemon green shade, a blue mauve and the mushroom pink which are slightly different from seasons past.

Blanche Sweet, who appears in the First National film, "Bluebeard's Seven Wives," has selected a two-piece costume in white patterned after the Mandarin fashion of the Far East, and has added the embroidery for a colorful note.

SHEEP INCREASE, HOGS ON DECLINE

Cattle Show Drop of Two Per Cent In Year, Ohio Report Says.

Columbus, Feb. 5.—There are 200,000 fewer hogs on Ohio farms today than there were a year ago. This represents a decrease of nine percent. Horses decreased more than five percent in number in Ohio during the same period, and cattle two percent. Sheep increased in number by more than 40,000.

This was the report made today by C. J. West, agricultural statistician of the state federal crop reporting service.

The total number of hogs in Ohio is now estimated at 2,202,000 while a year ago it was 2,421,000. Mr. West announced, "This dropping off in numbers is a result of the selling of breeding stock because of the corn failure of 1924. The corn belt decline is almost as large as for Ohio, although in Iowa a drop of only two percent was noted. For the whole United States the decrease in numbers of hogs is estimated at eight percent."

The decline in horses for the year 1925 is only a continuation of the downward trend which has been going on for several years according to West. The rate of decline for Ohio is about the same as in the country as a whole. There seems to be some evidence, West said, of an increased interest in horse breeding although it will be some time before an increase in the number of colts can check the decline in the numbers of bays.

The decline in the numbers of cattle on farms is far less in beef breeds. West reported that the estimated falling off in numbers of milk cows was only one percent for the United States while the decline for all classes of cattle is four percent and about the same selective percentages hold for Ohio although the total decline in this state is only two percent.

The increase in the numbers of Ohio sheep is a continuation of the increases of the past two years and expresses a moderate desire on the part of Ohio farmers to increase their holdings of sheep, West stated. The two percent increase in this state is less than in other states for the increase for the country as a whole is estimated at 34 percent.

Berg Returns From Chevrolet Meeting

The Chevrolet Motor company will establish a new sales and production records during 1926 according to Walter Berg who has returned from Detroit where he attended a convention of 700 Chevrolet dealers during the Detroit automobile show week. The dealers were from the sales zone which includes Detroit, Cleveland and Flint.

The convention was one of a series which will be held in 25 Chevrolet headquarters cities throughout the United States.

Mr. Berg declares that the Chevrolet Motor company is giving its dealers the highest type of merchandising

aid and co-operation. Following the business meeting, he said the dealers were guests of the company at a banquet in the grand ballroom of Hotel Statler.

Fear Death

Hundreds of police and friends are seeking some trace of Geoffrey H. A. Tasker, fifteen, son of a wealthy Yonkers, N. Y., relative. Young Tasker, who already has made a name for himself as a brilliant student and inventor, is believed to have drowned in the Hudson River, as his raincoat and gloves were found in an abandoned rowboat.

COURT NEWS

\$30,000 Case Dismissed
The \$30,000 damage case filed in common pleas court by Ida Belle Cronin, as administratrix against the Savage Fire Co., and which was filed Dec. 22, 1923 by a Youngstown law firm has been dismissed from the record by Judge Moore for lack of prosecution. The costs have been thrown on the plaintiff.

Another case dismissed for lack of prosecution is that of Paul Giesford and others against Charles Gill and others, wherein an injunction was sought. This case was filed as of Nov. 23, 1923.

In dismissing these actions two of the oldest cases on the Appearance docket have been eliminated from

the records. Less than a dozen other cases remain on the docket prior to the filing of these, but the others are still "alive."

Action in Partition

An action in partition has been filed in common pleas court by Ella M. Aron against Thomas E. Her having to do with a farm of 48 acres in section 12, Butler township. The sale of real estate is also sought in the petition, which was filed by Attorney C. C. Connel for the plaintiff. The defendant is residing at the Shoveley home at North Georgetown.

Sues For \$4,118

The East Palestine Building & Loan association has begun an action in common pleas court against George D. Moore and others, seeking a judgment for \$4,118.63. In addition to foreclosure and other equitable relief, the petition seeks the appointment of a receiver.

Judgment For \$1,016

A jury was waived and there was a trial to the court in the case of the National Forestry Co. against the Meyer Rubber Co., when the case was brought to the attention of Judge James O. Moore. The court rendered judgment in favor of the plaintiff for \$1,016.48, although the original petition which was filed June 29 last sought a judgment for \$829.37 and interest. A motion for a new trial in this case has been overruled by the court.

DuPont's Wife Betiger

Mrs. Lawrence Kindsvatter, wife of Deputy Sheriff Kindsvatter, who has been ill at her home on Lincoln ave. for a week suffering from the effects of a severe cold, is improving. She is now able to leave her bed.

More than 10,000 black rabbits were slaughtered in Ford county. Kansas last year for the sake of the honey bees.

Measles Cases Hit School Attendance

Lisbon, Feb. 5.—Attendance at Lisbon schools is showing an increase, according to Supt. W. H. Geger. Recently 200 children were absent from the three Lisbon schools one day, all due to illness and the record of absences now is showing a daily range of from 100 to 150 children. The heavy absent record is caused by so many cases of measles prevailing in Lisbon although many children have recovered from the illness. There are some scarlet fever cases in Lisbon and where one child in a family is ill, others in the same family are not permitted to attend school on account of the quarantine regulations. It is because of this situation the school attendance is very much below normal.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Caution! Your cold or head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant, antiseptic cream in your nostrils. It penetrates through every air passage of the head, softening and healing the swollen or inflamed mucous membrane giving you instant relief. Head colds and catarrh yield like magic. Breathe freely, stay stuffed up and miserable. Relief is sure. Adv.

117 GIVEN MEDALS AT FARMERS WEEK

Records In Livestock And Crop Production Are Given Recognition

Columbus, Feb. 5.—One hundred and seven names were added to the honor roll of Ohio farmers at the Ohio State university today when medals were awarded by Dean Alfred Vivian of the College of Agriculture for noteworthy records in crop and livestock production.

"Some one has said that he who does a common thing uncommonly well is entitled to great credit and distinction," Dean Vivian said in awarding the medals before a Farmers' Week audience in University hall this morning.

"There are many men who farm well," Dean Vivian continued, "but it is an unusually great achievement to produce over 100 bushels of corn or 100 bushels of wheat on 10 acres, to have more than 60 tons of sugar beets on five acres or 500 bushels of potatoes on two acres or to raise 2 quarts of butter in a year."

"We may well pause today to honor those men who have reached this distinction. They are worthy of our praise and admiration. They have done more than complete their tasks; they have given us a valuable demonstration of the possibilities of Ohio's agriculture."

160 Bushel Corn Club of Ohio this past year by more than doubling the state average corn production. That total is greater than for the seven previous years combined, when 42 were admitted.

Four men made the 40 bushel Wheat club, one the new 16-Ton Sugar Beet club, and three the newly formed 300-Bushel Potato club. Thirty-four farmers produced 40 ton litters of pork, thereby winning membership in the Ohio Ten-Litter club. In three years 116 men have produced ton-litters, two have produced them, three years in succession and one farmer produced four in one year.

Explaining the purpose of these honorary clubs, Dean Vivian said it was not to stimulate production in general, but production per acre. Economical production, he asserted, depends on large yields per acre.

KELLOGG SAYS KAROLYI WOULD BE A DETRIMENT

Washington, Feb. 5.—Entry into the United States of Countess Karolyi, wife of the first president of the Hungarian republic, would be detrimental to the best interests of the country, Secretary of State Kellogg today told the District of Columbia supreme court.

The court, Kellogg said, is of the opinion compelling him to grant a passport to the countess, whose entry has been blocked by the state department.

Through counsel, Kellogg declared that his power under the law to exclude foreigners from the country was not subject to review by the court. Kellogg said he was convinced from

voluminous evidence before him that Countess Karolyi, "came within the category of 'undesirable aliens,' and he felt it was his duty to exclude her. The countess asked permission to visit Ralph Beaver Strassburger, wealthy Norristown, Pa., newspaper publisher. She had also arranged a lecture tour but canceled it when her passport was denied at Kellogg's direction.

Young vigor to old folks

"I suffered after eating, troubled with torpid liver, constipation, had no energy, lost 30 pounds. After taking Tanlac I made 100 percent improvement and lost no more weight." J. E. Owen, 40 Clarendon Ave., Columbus, O.

One of Tanlac's greatest blessings is the new life and vigor it brings to old folks. Every day men and women up in the seventies and eighties thank us for Tanlac's wonderful benefits. Tanlac is a natural tonic, made from roots, herbs and pure honey. Harmless to men or child, it cleans the blood, stirs up the liver and puts digestive organs in working order.

If your body is weak and run-down, if you lack ambition, can't eat or sleep, you'll be delighted with Tanlac's results. Take Tanlac's Vegetable Pills for constipation.

Niagara Falls Goes Dry

For the first time since 1909 Niagara Falls is completely frozen over, not a drop of water pouring over the huge cliffs in the Niagara River.

RAP'S FAIRMOUNT SCHOOL SYSTEM

Trustee Demands Children Be Given Advantage Township Schools

Children of Fairmount home are going to have the same chance to obtain a good common school education as their more fortunate fellows living outside. At suggestions voiced at this week's meeting of the board of home trustees, are carried out. The discussion which led to the suggestion that children of the home be sent to township schools in order to broaden their outlook upon life, was opened by George Cassidy of Canton.

Cassidy bitterly assailed the school system in vogue at Fairmount home, characterizing it as being "rotten to the very core." He then went on to cite advantages children of the home would find in township schools. Children confined to the home have but a single idea of life and the outside world—they all have the same idea, he said.

Some of the older girls at Fairmount home should be given a chance to become acquainted with life's problems and the world on the outside—before they are turned out into the new life that awaits them beyond the portals of the home, Mr. Cassidy declared.

It was mutually agreed by the trustees that action must be instituted to enforce payment of several thousand dollars now outstanding on the part of children whose parents sent them to the home to board. Accounts and vouchers still unpaid, will likely be turned over to the county prosecutors for collection.

The tiger depends on good eyesight and hearing, his very feeble sense of smell being seldom used.

SHOE CLEARANCE

Remarkable! Such Unusual Values!

You'll be readily surprised and charmed by the high quality of the shoes and the tremendous reductions in this unusual Clearance Event. There are hundreds of styles for every member of the family—seasonable shoes, many early Spring arrivals, in fact everything must go to make way for the incoming season's ideas. Our advice is get here early while selections are complete—you'll find a fine range of styles and sizes enough to meet all needs. Hurry!

\$3.95

A Fine Assortment
Of Men's Fine Shoes!

Never before, perhaps never again will you have such an unusual opportunity to buy quality footwear at so remarkably low a price. In this lot of men's shoes, you'll find sizes for all—and enough styles to meet any requirement. The big idea is to get here early and you'll get the big choice. Aside from the tremendous reductions offered on above group, we are including 10 and 15 per cent reductions on every man's shoe in the store.

\$4.95

Newest Styles Are
Included at This Price!

These are the same shoes we've been selling right along at low prices for their high quality—but now we've decided to mark them even lower for this monster clearance. Many new arrivals featuring early spring styles are included. Of course, those who come first will get the cream.

COMFY SHOES
FOR TINY FEET
CUT IN PRICE!

Children's shoes are staples in this store, but we've decided to include them in this great selling occasion. There are plenty of good styles, and plenty of sizes. Styles for little tots as well as those in the fast growing stages. Both high and low shoes included.

20% REDUCTION, MANY OTHER GROUPS
OFFERED AT
\$1.49 \$1.95 \$2.45

SATURDAY MORNING EARLY—This sale will open with the offering of 60 pairs of shoes in the sizes given below

AT **\$1.00** PAIR

SIZE	3	4	5	6	7	8	Numbers ap-

Python Doesn't Call for "Three Squares"

The following story is told by one who visited a snake dealer and had the privilege of inspecting the stock which he kept for sale and had been secured by agents in different parts of the world. He says: "We entered a cage-like compartment which, at first sight, appeared to contain only a bed of straw. Then pointing to a hole in the straw, he called my attention to a dark, slowly moving mass. 'There are 50 pythons in this room,' remarked the snake dealer, 'and all of them are from India. Most of them, of course, are only half-grown specimens about 16 feet long.' He bent down and grasping one of the reptiles round the neck, began tugging lengths of snake out of the straw. Then, holding up as much of the python as he could lift, he inquired if it was not a splendid specimen. I agreed, and asked if he was not afraid of any risks. 'We keep the snakes well fed,' he replied. 'If they are given one good meal a week it satisfies them and makes them less dangerous. Live rabbits, frogs, or toads are their usual menu, for a snake must be very hungry before it will eat any creature that is already dead.'"

Operating a Camera Beneath the Ocean

The process of submarine photography was discovered by D. L. Boulton, professor of zoology at the University of Paris. He made several experiments to a depth of several hundred feet near the coast of France and in the waters of the Mediterranean. He wears a regular diver's outfit, having extra heavy leaden soles to enable him to get a good foothold on the bottom. An ordinary photographer's outfit is employed, but it must be protected by waterproof coverings. Leyden jars are placed in a barrel surrounded by a bell glass which is provided with the necessary lamp. The latter is a spirit lamp, to which is attached a receptacle for magnesium powder, connected with the usual pneumatic ball and tube. The photographs are taken by an instantaneous flash, which follows the scattering of powdered magnesium into the flame. A branch tube is connected with the pneumatic ball, which forces a puff of air into the powder and carries it into the flame, exposing the lens at the moment of maximum light.

Fortune Thrust on Him

There is this very strange story told to Lord Ellsworth by Mr. Campbell of Dunstaffnage, according to London Tit-Bits:

"He said that when he was a young man he went out to Australia. On one occasion, as he was driving a large flock of sheep down from his farm towards the town, an old newspaper which was being blown about by the wind got round his feet. He disengaged himself from the encumbrance and resumed his tramp, but the newspaper again got round his feet. This time he picked it up and read it. In the advertisement columns he found an advertisement inquiring for the whereabouts of one Campbell, presumed to be the heir to the Dunstaffnage estate, and this eventually turned out to be none other than himself."

Hardening Golf Clubs

A new process for treating wooden golf clubs makes them waterproof and extremely hard. Heads of seasoned persimmon wood are subjected to a vacuum that extracts every particle of air and moisture from the wood, which then is impregnated with the newly discovered chemical. The club heads then are dried and hardened. Clubs treated in this manner are said to have greater driving power than other wooden clubs and not to shrink or expand with varying atmospheric conditions.—Popular Science Monthly.

First Use of Rubber

Rubber first came under the notice of Europeans. Its earliest mention occurring in the records of a companion of Columbus, who noted that the natives of Haiti played games with balls "made of the gum of a tree." The Spaniards in Mexico discovered—either on their own account or from the natives—the use of rubber for waterproofing their cloaks, but some centuries elapsed before its utility was recognized in Europe. It made its first appearance in Britain as a curiosity for erasing pencil marks.

Fish Not Brain Food

There is a widespread belief that fish contains a large proportion of phosphorus, and because of this is particularly valuable as brain food. The percentage of phosphorus in specimens studied are not larger than are found in the flesh of animals used for food; therefore fish is no more valuable than meat for the nourishment of the brain. The opinion of eminent physiologists is that phosphorus is no more essential to the brain than nitrogen, potassium or any other element.

Historic Cave

The story relating to the Judges' cave in New Haven, Conn., is that in 1601, Goffe and Whalley, two of the members of the high court in England, which had condemned Charles I. to death, used this location as a temporary refuge from the officers of Charles II. It seems that the bowlder was split in such a way as to form a small cave. Although certain of the townspeople were aware of their presence in the locality, they were afraid to give them any practical assistance.

The Prince of Chichibu, second son of the Emperor of Japan, speaks and writes English fluently.

Bagpipe and Organ

Alike in Principle

The Highland bagpipe is a primitive instrument with a quality all its own, says the Chicago Journal. It has nine notes, but they are not like the chords of a piano. The bagpipe scale does not exist in any other instrument and its notes, unlike "regular" music, can be transposed from one key into another.

The bagpipe itself, in its Highland form, consists of an airtight leather bag with three wooden stocks, usually of ebony, fitted into it, one of them holding the mouthpiece, another the bellows, and the third the drones. As the player blows, the air is forced into the bag, and the drones, which are the loudest, keep the bag full of air. The player then presses the keys on the chanter, and the air is forced out of the bag, and the notes are heard.

Except that its scale is its own and does not exist in any other instrument, the bagpipe is similar to a church organ in principle. The player maintains the wind pressure on his drones and chanter by keeping the bag full of air, and regulates the volume of sound by the pressure of his arm on the bellows. The notes of the bagpipe are not the same as those of a church organ, but they are far from being so. It is the most unforgettable of all music. Those who have listened to the music of the Highland bagpipe say that it is like no other music in the world.

Customs of Indians

Unchanged by Time

The Indians living in the region of San Francisco have not changed their customs or place of abode for 3,000 years, says Dr. A. L. Kroeber of the University of California. "When they were besieged and Solomon was leading his temple, at a period when even Greek civilization had not yet taken on the traits that we regard as characteristic, when only a few scattered foundations of a specific modern culture were being laid and our own northern ancestors dwelled in unimproved barbarism, the native Californians already lived in all essentials like his descendants of today." This knowledge was obtained from shell mounds submerged around the bay. All classes of objects found in these mounds were unearthed with practically the same frequency from the top, middle and bottom. This shows that these prehistoric people ate the same kind of food, wore the same kind of clothes and had the same customs as their descendants. The age of the mounds is estimated by calculating the time necessary for such shells to accumulate.—Pathfinder Magazine.

Original Weather Vane

The church weather vane has been handed down to our own day from the time of St. Dunstan. Its form is traditional, and its popular name, weathercock, suggests its shape. The cock was selected to top the spires and towers because it is the emblem of vigilance. When that symbolic bird sits a church spire it represents the preacher who, after himself awakening from the sleep of sin, proceeds to figuratively flap his wings to arouse the slumbering consciences of his flock. This ancient tradition comes from Europe where the weathercock is almost universal as the finishing touch to a church steeple.

Poetic Legend

There is a great deal of indefiniteness, not only as to the origin but also as to the application of the name "Forget-me-not," applied to the flower. German legend is full of explanations of its origin. In one myth a knight dashes into a lake to pluck the flowers growing on the further bank. On his return his strength is exhausted, feeling that he cannot regain the shore, though very near it, he throws the flowers at his lady love's feet, and, crying "Forget me not," disappears beneath the waves.

Traveling for Pleasure

After considerable urging, Herr Schuler of Berlin took his wife on a tour of northern Europe. Arriving in due course at Norddepp, the promontory of Norway, they viewed the midnight sun, and Herr Schuler fully scratched on a rock: "Sit here with wife. Fine! Schuler, Berlin."

Three weeks later a neighboring rock read: "Sit here without. Finer! Meier, Hamburg."

Resisting Temptation

Many seek to do temptations, and fall into them more grievously. By fight alone we cannot overcome; but by patience and true humility we are made stronger than all enemies. He who only tries to resist them outwardly, and does not pluck out the roots of them, will make but little advance; for temptations will sooner return to him, and he will find himself in a worse condition.—Thomas a Kempis.

By Way of Argument

A fisher at a certain fishing village told the person that was the first to catch one of the silversides. "Fish, mostly," said the vicar. "That silverside fish was a thin fish, and it was the most inferior of the silversides," remarked the tourist. "What?" replied the vicar. "Just think what they would be like if they didn't eat fish!"
